

Article 8.

Delegation and Exercise of the General Police Power.

§ 160A-174. General ordinance-making power.

(a) A city may by ordinance define, prohibit, regulate, or abate acts, omissions, or conditions, detrimental to the health, safety, or welfare of its citizens and the peace and dignity of the city, and may define and abate nuisances.

(b) A city ordinance shall be consistent with the Constitution and laws of North Carolina and of the United States. An ordinance is not consistent with State or federal law when:

- (1) The ordinance infringes a liberty guaranteed to the people by the State or federal Constitution;
- (2) The ordinance makes unlawful an act, omission or condition which is expressly made lawful by State or federal law;
- (3) The ordinance makes lawful an act, omission, or condition which is expressly made unlawful by State or federal law;
- (4) The ordinance purports to regulate a subject that cities are expressly forbidden to regulate by State or federal law;
- (5) The ordinance purports to regulate a field for which a State or federal statute clearly shows a legislative intent to provide a complete and integrated regulatory scheme to the exclusion of local regulation;
- (6) The elements of an offense defined by a city ordinance are identical to the elements of an offense defined by State or federal law.

The fact that a State or federal law, standing alone, makes a given act, omission, or condition unlawful shall not preclude city ordinances requiring a higher standard of conduct or condition. (1971, c. 698, s. 1.)

§ 160A-175. Enforcement of ordinances.

(a) A city shall have power to impose fines and penalties for violation of its ordinances, and may secure injunctions and abatement orders to further insure compliance with its ordinances as provided by this section.

(b) Except for the types of ordinances listed in subsection (b1) of this section, violation of a city ordinance may be a misdemeanor or infraction as provided by G.S. 14-4 only if the city specifies such in the ordinance. An ordinance may provide by express statement that the maximum fine, term of imprisonment, or infraction penalty to be imposed for a violation is some amount of money or number of days less than the maximum imposed by G.S. 14-4. Notwithstanding G.S. 160A-75, no ordinance specifying a criminal penalty may be enacted at the meeting in which it is first introduced.

(b1) No ordinance of the following types may impose a criminal penalty:

- (1) Any ordinance adopted under Article 19 of this Chapter, Planning and Regulation of Development, or its successor, Chapter 160D of the General Statutes, except for those ordinances related to unsafe buildings.
- (2) Any ordinance adopted pursuant to G.S. 160A-193.1, Stream-clearing programs.
- (3) Any ordinance adopted pursuant to G.S. 160A-194, Regulating and licensing businesses, trades, etc.
- (4) Any ordinance adopted pursuant to G.S. 160A-199, Regulation of outdoor advertising or, its successor, G.S. 160D-912, Outdoor advertising.

- (5) Any ordinance adopted pursuant to G.S. 160A-201, Limitations on regulating solar collectors or, its successor, G.S. 160D-914, Solar collectors.
- (6) Any ordinance adopted pursuant to G.S. 160A-202, Limitations on regulating cisterns and rain barrels.
- (7) Any ordinance adopted pursuant to G.S. 160A-304, Regulation of taxis.
- (8) Any ordinance adopted pursuant to G.S. 160A-306, Building setback lines.
- (9) Any ordinance adopted pursuant to G.S. 160A-307, Curb cut regulations.
- (10) Any ordinance regulating trees.

(c) An ordinance may provide that violation shall subject the offender to a civil penalty to be recovered by the city in a civil action in the nature of debt if the offender does not pay the penalty within a prescribed period of time after he has been cited for violation of the ordinance.

(c1) An ordinance may provide for the recovery of a civil penalty by the city for violation of the fire prevention code of the State Building Code as authorized under G.S. 143-139.

(d) An ordinance may provide that it may be enforced by an appropriate equitable remedy issuing from a court of competent jurisdiction. In such case, the General Court of Justice shall have jurisdiction to issue such orders as may be appropriate, and it shall not be a defense to the application of the city for equitable relief that there is an adequate remedy at law.

(e) An ordinance that makes unlawful a condition existing upon or use made of real property may be enforced by injunction and order of abatement, and the General Court of Justice shall have jurisdiction to issue such orders. When a violation of such an ordinance occurs the city may apply to the appropriate division of the General Court of Justice for a mandatory or prohibitory injunction and order of abatement commanding the defendant to correct the unlawful condition upon or cease the unlawful use of the property. The action shall be governed in all respects by the laws and rules governing civil proceedings, including the Rules of Civil Procedure in general and Rule 65 in particular.

In addition to an injunction, the court may enter an order of abatement as a part of the judgment in the cause. An order of abatement may direct that buildings or other structures on the property be closed, demolished, or removed; that fixtures, furniture, or other movable property be removed from buildings on the property; that grass and weeds be cut; that improvements or repairs be made; or that any other action be taken that is necessary to bring the property into compliance with the ordinance. If the defendant fails or refuses to comply with an injunction or with an order of abatement within the time allowed by the court, he may be cited for contempt, and the city may execute the order of abatement. The city shall have a lien on the property for the cost of executing an order of abatement in the nature of a mechanic's and materialman's lien. The defendant may secure cancellation of an order of abatement by paying all costs of the proceedings and posting a bond for compliance with the order. The bond shall be given with sureties approved by the clerk of superior court in an amount approved by the judge before whom the matter is heard and shall be conditioned on the defendant's full compliance with the terms of the order of abatement within a time fixed by the judge. Cancellation of an order of abatement shall not suspend or cancel an injunction issued in conjunction therewith.

(f) Subject to the express terms of the ordinance, a city ordinance may be enforced by any one, all, or a combination of the remedies authorized and prescribed by this section.

(g) A city ordinance may provide, when appropriate, that each day's continuing violation shall be a separate and distinct offense.

(h) Notwithstanding any authority under this Article or any local act of the General Assembly, no ordinance regulating trees may be enforced on land owned or operated by a public

airport authority. (1971, c. 698, s. 1; 1985, c. 764, s. 35; 1993, c. 329, s. 4; 2013-331, s. 2; 2021-138, s. 13(b).)

The expense of the action shall be paid by the person in default. If the expense is not paid, it is a lien on the land or premises where the nuisance occurred. A lien established pursuant to this subsection shall have the same priority and be collected as unpaid ad valorem taxes.

(b) The expense of the action is also a lien on any other real property owned by the person in default within the city limits or within one mile of the city limits, except for the person's primary residence. A lien established pursuant to this subsection is inferior to all prior liens and shall be collected as a money judgment. This subsection shall not apply if the person in default can show that the nuisance was created solely by the actions of another.

(c) The authority granted by this section does not authorize the application of a city ordinance banning or otherwise limiting outdoor burning to persons living within one mile of the city, unless the city provides those persons with either (i) trash and yard waste collection services or (ii) access to solid waste dropoff sites on the same basis as city residents. (a) A city shall have the authority to remove natural and man-made obstructions in stream channels and in the floodway of streams that may impede the passage of water during rain events.

(b) The actions of a city to clear obstructions from a stream shall not create or increase the responsibility of the city for the clearing or maintenance of the stream, or for flooding of the stream. In addition, actions by a city to clear obstructions from a stream shall not create in the city any ownership in the stream, obligation to control the stream, or affect any otherwise existing private property right, responsibility, or entitlement regarding the stream. These provisions shall not relieve a city for negligence that might be found under otherwise applicable law.

(c) Nothing in this section shall be construed to affect otherwise existing rights of the State to control or regulate streams or activities within streams. In implementing a stream-clearing program, the city shall comply with all requirements in State or federal statutes and rules. (2005-441, s. 2.)

§ 160A-194. Regulating and licensing businesses, trades, etc.

(a) A city may by ordinance, subject to the general law of the State, regulate and license occupations, businesses, trades, professions, and forms of amusement or entertainment and prohibit those that may be inimical to the public health, welfare, safety, order, or convenience. In

licensing trades, occupations, and professions, the city may, consistent with the general law of the State, require applicants for licenses to be examined and charge a reasonable fee therefor.

(b) Nothing in this section shall authorize a city to examine or license a person holding a license issued by an occupational licensing board of this State as to the profession or trade that he has been licensed to practice or pursue by the State.

- (2) Imposes installation or operational requirements for battery-charged security fences that are inconsistent with the requirements and standards described in subsection (b) of this section.
- (3) Prohibits the installation or use of a battery-charged security fence on property that has been zoned exclusively for nonresidential use.

(b) For purposes of this section, the term "battery-charged security fence" means an alarm system and ancillary components, or equipment attached to that system, including a fence, a battery-operated energizer that is intended to periodically deliver voltage impulses to the fence, and a battery charging device used exclusively to charge the battery. (b) The notice shall be sent by registered or certified mail. When service is attempted by registered or certified mail, a copy of the notice may also be sent by regular mail. Service shall be deemed sufficient if the registered or certified mail is unclaimed or refused, but the regular mail is not returned by the post office within 10 days after the mailing.
