§ 162A-33. Procedure for creation; resolutions and petitions for creation; notice to and action by Commission for Public Health; notice and public hearing; resolutions creating districts; actions to set aside proceedings.

Any two or more political subdivisions in a county, or any political subdivision or subdivisions, including any existing water or sewer district, and any unincorporated area or areas located within the same county, which political subdivisions or areas need not be contiguous, may petition the board of commissioners for the creation of a metropolitan water district under the provisions of this Article by filing with the board of commissioners:

- (1) A resolution of the governing body of each such political subdivision stating the necessity for the creation of a metropolitan water district under the provisions of this Article in order to preserve and promote the public health and welfare within the area of the proposed district, and requesting the creation of a metropolitan water district having the boundaries set forth in said resolution, and
- (2) If any unincorporated area is to be included in such district, a petition, signed by not less than fifteen per centum (15%) of the voters resident within such area, defining the boundaries of such area, stating the necessity for the creation of a metropolitan water district under the provisions of this Article in order to preserve and promote the public health and welfare within the proposed district, and requesting the creation of a metropolitan water district having the boundaries set forth in such petition for such district.

If any water district, sewer district or special purpose district shall encompass wholly or in part within its boundaries a city or town, no such water district, sewer district or special purpose district may petition for inclusion within a metropolitan water district unless the governing body of such city or town shall approve such petition or shall also petition for its inclusion within such metropolitan water district.

Upon the receipt of such resolutions and petitions requesting the creation of a metropolitan water district, the board of commissioners, through its chairman shall notify the Department of Environmental Quality of the receipt of such resolutions and petitions, and shall request that a representative of the Department of Environmental Quality hold a joint public hearing with the board of commissioners concerning the creation of the proposed metropolitan water district. The Secretary of Environmental Quality and the chairman of the board of commissioners shall name a time and place within the proposed district at which the public hearing shall be held. The chairman

of the board of commissioners shall give prior notice of such hearing by posting a notice at the courthouse door of the county and also by publication in a newspaper circulating in the proposed district at least once a week for four successive weeks, the first publication to be at least 30 days prior to such hearing. In the event all matters pertaining to the creation of such metropolitan water district cannot be concluded at such hearing, such hearing may be continued to a time and place within the proposed district determined by the board of commissioners with the concurrence of the representative of the Department of Environmental Quality.

If, after such hearing, the Commission for Public Health and the board of commissioners shall deem it advisable to comply with the request of such resolutions and petitions, and determine that the preservation and promotion of the public health and welfare in the area or areas described in such resolutions and petitions require that a metropolitan water district should be created and established, the Commission for Public Health shall adopt a resolution to that effect, defining the boundaries of such district and declaring the territory within such boundaries to be a metropolitan water district under the name and style of "____ Metropolitan Water District of ____ County"; provided that the Commission for Public Health may make minor deviations in the boundaries from those prescribed in the resolutions and petitions upon the Commission for Public Health determining that such deviations are advisable in the interest of the public health, provided no such district shall include any political subdivision which has not petitioned for inclusion as provided for in this Article.

The Commission for Public Health shall cause copies of the resolution creating the metropolitan water district to be sent to the board of commissioners and to the governing body of each political subdivision included in the district. The board of commissioners shall cause a copy of such resolution of the Commission for Public Health to be published in a newspaper circulating within the district once in each of two successive weeks, and a notice substantially in the following form shall be published with such resolution:

"The foregoing resolution was passed by the Commission for Public Health on the ____ day of ____, ____, and was first published on the ____ day of ____, ____.

Any action or proceeding questioning the validity of said resolution or the creation of the metropolitan water district therein described must be commenced within 30 days after the first publication of said resolution.

Clerk, Board of Commissioners for _____ County."

Any action or proceeding in any court to set aside a resolution creating a metropolitan water district or to obtain any other relief upon the ground that such resolution or any proceeding or action taken with respect to the creation of such district is invalid, must be commenced within 30 days after the first publication of the resolution and said notice. After the expiration of such period of limitation, no right of action or defense founded upon the invalidity of the resolution or the creation of the metropolitan water district therein described shall be asserted, nor shall the validity of the resolution or of the creation of such metropolitan water district be open to question in any court upon any ground whatever, except in an action or proceeding commenced within such period.

Notwithstanding the provisions of G.S. 160-2(6), after the creation of a water district pursuant to the provisions of this Article a municipality or other political subdivision which owns or operates an existing water system or sewer system may lease, contract, assign or convey such system or systems to the district under and subject to such terms and conditions and for such considerations as it may deem advisable for the general welfare and benefit of its citizens. (1971, c.

815, s. 3; 1973, c. 476, s. 128; 1985, c. 462, s. 16; 1989, c. 727, s. 219(40); 1989 (Reg. Sess., 1990), c. 1004, s. 19(b); 1997-443, s. 11A.123; 1999-456, s. 59; 2007-182, s. 2; 2015-241, ss. 14.30(u), (v).)

§ 162A-34. District board; composition, appointment, term, oaths and removal of members; organization; meetings; quorum; compensation and expenses of members.

(a) Immediately after the creation of the district, the board of commissioners shall appoint three members of the district board and the governing body of each political subdivision included in the district shall appoint one member, except that if any city or town has a population, according to the latest decennial census, in excess of the total population of the remaining cities and towns within the district, or where there are no other cities or towns involved, if the census population is in excess of the total population of the remainder of the district, the governing body shall appoint three members. No appointment of a member of the district board shall be made by or in behalf of any political subdivision of which the board of commissioners shall be the governing body, the three appointees designated by the board of commissioners shall be selected from within the district and shall be deemed to represent all such political subdivisions. The members of the district board first appointed shall have terms expiring one year, two years and three years, respectively, from the date of adoption of the resolution of the Commission for Public Health creating the district, as the board of commissioners shall determine, provided that of the three members appointed by any governing body, not more than one such member shall be appointed for a three-year term. Successive members shall each be appointed to serve only for the unexpired term and any member of the district board may be reappointed. Appointments of successor members shall, in each instance, be made by the governing body making the initial appointment or appointments. All members shall serve until their successors have been duly appointed and qualified, and any member of the district board may be removed for cause by the governing body appointing him.

Each member of the district board before entering upon his duties shall take and subscribe an oath or affirmation to support the Constitution and laws of the United States and of this State and to discharge faithfully the duties of his office, and a record of each such oath shall be filed with the clerk of the board of commissioners.

The district board shall elect one of its members as chairman and another as vice-chairman and shall appoint a secretary and a treasurer who may but need not be members of the district board. The offices of secretary and treasurer may be combined. The terms of office of the chairman, vice-chairman, secretary and treasurer shall be as provided in the bylaws of the district board.

The district board shall meet regularly at such places and dates as determined by the board. Special meetings may be called by the chairman on his own initiative and shall be called by him upon request of two or more members of the board. All members shall be notified in writing at least 24 hours in advance of such meeting. A majority of the members of the district board shall constitute a quorum and the affirmative vote of a majority of the members of the district board present at any meeting thereof shall be necessary for any action taken by the district board. No vacancy in the membership of the district board shall impair the right of a quorum to exercise all the rights and perform all the duties of the district board. Each member including the chairman shall be entitled to vote on any question. The members of the district board may receive compensation in an amount to be determined by the board, but not to exceed ten dollars (\$10.00) for each meeting attended, and may be reimbursed the amount of actual expenses incurred by them in the performance of their duties.

(b) Any metropolitan water district wholly within the corporate limits of two or more municipalities shall be governed by a district board consisting of members appointed by the governing body of each political subdivision (municipal corporation) included wholly or partially in the district and an additional at-large member appointed by the other members of the district board as provided in this subsection. The governing body of each constituent municipality shall initially appoint two members from its qualified electors, one for a term expiring the first day of July after the first succeeding regular election in which municipal officers shall be elected by the municipality from which he is appointed, and the other for a term expiring the first day of July after the second succeeding regular election of municipal officers in the municipality. Thereafter, subsequent to each ensuing regular election of municipal officers the governing body of each municipal corporation composing any part of the metropolitan water district shall appoint one member to the district board for a term of four years beginning on the first day of July. The one additional at-large member of the district board shall be a qualified elector of a constituent municipality of the district and appointed initially and quadrennially thereafter by majority vote of the other district board membership for a term of four years which shall expire on the first day of August in every fourth calendar year thereafter.

Any vacancy in district board membership shall be filled by appointment of the original appointing authority for the remainder of the unexpired term.

The provisions of subsection (a) in particular and of this Article generally not inconsistent with this subsection shall also apply.

(c) In those cases where a district is created which includes a municipality which owns an existing water and sewer system and where the county commissioners are acting as or have been appointed as trustees of a separate water or sewer system, or both which will be included within the district along with an existing municipal system, the district board shall be comprised of seven members designated as follows: three county commissioners and three members of the city council of the municipality, said members to be selected by majority vote of the governing body on which they serve. These six members of the district board shall appoint a seventh member who shall also serve as chairman of the district board and whose term shall automatically expire upon the seating of either a new board of commissioners, or of a new council of the municipality.

The chairman of the district board will be eligible, however, for reappointment, upon the expiration of his or her current term, by the next district board selected upon and after the seating of either a new board of commissioners or new council of the municipality. The chairman of the district board shall take and subscribe an oath or affirmation to support the Constitution and laws of the United States and of this State, and to discharge faithfully the duties of his office, and a record of each such oath shall be filed with the clerk of the board of commissioners and the clerk of the municipality. The other six members will serve upon said board corollary to the responsibilities and duties of their respective elective offices and such service upon the district board will not constitute the holding of a public office. No compensation shall be paid to any member of the district board except for the chairman, and his compensation shall be fixed by the remaining six members. Except as provided above, no additional oath or affirmation shall be required of the members of the district board. No county commissioner or member of the council of the municipality shall continue to serve upon the district board subsequent to the termination of his or her current elective term, except upon reelection to said office.

The district board shall appoint a secretary and a treasurer who will not be members of the district board. The terms of office of the secretary and treasurer shall be as provided in the bylaws of the district board and the compensation of said officers shall be fixed by the district board. The

treasurer shall furnish bond in some security company authorized to do business in North Carolina, the amount to be fixed by the district board in a sum not less than five thousand dollars (\$5,000), which bond shall be approved by the district board and shall be continued upon the faithful performance of his duties. Every official, employee or agent of the district who handles or has custody of more than one hundred dollars (\$100.00) of such district funds at any time, shall before assuming his duties as such be required to furnish bond in some security company authorized to do business in North Carolina, the amount to be fixed by the district board, which bond shall be approved by the district board and shall be continued upon the faithful performance of his duties in an amount sufficient to protect the district. All bonds required by this section shall be filed with the clerk of the municipality.

The district board shall meet regularly and no less than monthly, at such places and dates as determined by the board. Special meetings may be called by the chairman on his own initiative and shall be called by him upon request of two or more members of the board. All members shall be notified in writing at least 24 hours in advance of any meeting. A majority of the members of the district board shall constitute a quorum and the affirmative vote of a majority of the district board present at any meeting thereof shall be necessary for any action taken by the district board. No vacancy in the membership of the district board shall impair the right of a quorum to exercise all the rights and perform all the duties of the district board. Each member, including the chairman, shall be entitled to vote upon any question.

Any vacancy in district board membership, except that of the chairman, shall be filled by appointment of the original appointing authority for the remainder of the unexpired term. Each governing body may, by majority vote, replace at any time its representatives on said district board. (1971, c. 815, s. 4; 1973, c. 476, s. 128; 2007-182, s. 2.)

§ 162A-35. Procedure for inclusion of additional political subdivision or unincorporated area; notice and hearing; elections; actions questioning validity of elections.

If, at any time subsequent to the creation of a district, there shall be filed with the district board a resolution of the governing body of a political subdivision, or a petition, signed by not less than fifteen per centum (15%) of the voters resident within an unincorporated area, requesting inclusion in the district of such political subdivision or unincorporated area, and if the district board shall favor the inclusion in the district of such political subdivision or unincorporated area, the district board shall notify the board of commissioners and the board of commissioners, through its chairman, shall thereupon request that a representative of the Department of Environmental Quality hold a joint public hearing with the board of commissioners concerning the inclusion of such political subdivision or unincorporated area in the district. The Secretary of Environmental Quality and the chairman of the board of commissioners shall name a time and place within the district at which the public hearing shall be held. The chairman of the board of commissioners shall give prior notice of such hearing by posting a notice at the courthouse door of the county and also by publication in a newspaper circulating in the district and in any such political subdivision or unincorporated area at least once a week for four successive weeks, the first publication to be at least 30 days prior to such hearing. In the event all matters pertaining to the inclusion of such political subdivision or unincorporated area cannot be included at such hearing, such hearing may be continued to a time and place within the district determined by the board of commissioners with the concurrence of the representative of the Department of Environmental Quality.

If, after such hearing, the Commission for Public Health and the board of commissioners shall determine that the preservation and promotion of the public health and welfare require that such

political subdivision or unincorporated area be included in the district, the Commission for Public Health shall adopt a resolution to that effect, defining the boundaries of the district including such political subdivision or unincorporated area which has filed a resolution or petition as provided for in this section, and declaring such political subdivision or unincorporated area to be included in the district, subject to the approval, as to the inclusion of such political subdivision, of a majority of the qualified voters of such political subdivision, or as to the inclusion of such unincorporated area, of a majority of the qualified voters of such unincorporated area, voting at an election thereon to be called and held in such political subdivision or unincorporated area. When an election is required to be held within both a political subdivision and an unincorporated area, a separate election shall be called and held for the unincorporated area and a separate election shall be called and held for the political subdivision. Such separate elections, although independent one from the other, shall be called and held within each political subdivision and within the unincorporated area simultaneously on the same date.

If, at or prior to such public hearing, there shall be filed with the district board a petition signed by not less than fifteen percent (15%) of the registered voters of the district requesting an election to be held on the question of including the political subdivision or unincorporated area in the district, the district board shall certify the petition and if found adequate, shall request the county board of elections to hold the election in the district. The election in the district may be held at the same time as the election in the political subdivision or unincorporated area seeking to become a part of the district.

The county board of elections shall give notice of the elections as required in G.S. 163-33(8) and shall conduct the election.

The cost of the election in the district shall be paid by the district board and the cost of the municipal election by the municipality. The county shall pay the cost of an election in the unincorporated area. The governing body of the political subdivision shall file an accurate description of its boundaries, and those persons signing the petition for an unincorporated area shall file an accurate description of its boundaries with the board of elections at the time the petition is filed with the district board.

The elections shall be held and conducted in accordance with the applicable provisions of Articles 23 and 24 of Chapter 163 of the General Statutes.

The ballot shall contain the words:

"FOR inclusion in the ____ Metropolitan Water District of ____ County that area known as ____."

"AGAINST inclusion in the ____ Metropolitan Water District of ____ County that area known as ____."

If a majority of the votes cast in a political subdivision or unincorporated areas proposed to be included are in favor of inclusion, and a majority of the votes cast in the district favor inclusion, then from and after the date of the certification of the results such area or areas shall be a part of the district and subject to the debts of the district.

The results of the elections shall be certified to the district board.

If no election is required to be held in the district, then a favorable vote for inclusion in the political subdivision or unincorporated area shall be deemed to include such area or political subdivision as a part of the district and they shall be subject to the debts of the district.

No right of action or defense founded upon the invalidity of any such election shall be asserted, or open to question in any court upon any grounds unless the action or proceeding is commenced within 30 days after the results have been certified by the board of elections. (1971, c. 815, s. 5;

1973, c. 476, s. 128; 1981, c. 185; 1985, c. 462, s. 17; 1989, c. 727, s. 219(41); 1997-443, s. 11A.123; 2007-182, s. 2; 2011-31, s. 14; 2015-241, s. 14.30(u), (v); 2017-6, s. 3; 2018-146, ss. 3.1(a), (b), 6.1.)

§ 162A-36. Powers generally; fiscal year.

(a) Each district shall be deemed to be a public body and body politic and corporate, exercising public and essential governmental functions, to provide for the preservation and promotion of the public health and welfare, and said district is hereby authorized and empowered:

§ 162A-37. Bonds and notes authorized.

A metropolitan water district may from time to time issue bonds and notes under the Local Government Finance Act. (1971, c. 780, s. 37.5; c. 815, s. 7; 1973, c. 494, s. 46.)

§§ 162A-38 through 162A-44. Repealed by Session Laws 1971, c. 780, s. 37.5; 1973, c. 494, s. 46.

§ 162A-45. Determination of tax rate by district board; levy and collection of tax; remittance and deposit of funds.

After each assessment for taxes following the creation of the district, the board of commissioners shall file with the district board the valuation of assessable property within the district. The district board shall then determine the amount of funds to be raised by taxation for the ensuing year in excess of available funds to provide for the payment of the interest on and the principal of all outstanding general obligation bonds as the same shall become due and payable, to pay the cost of maintaining, repairing and operating any water system or sewerage system or both, and to pay all obligations incurred by the district in the performance of its lawful undertakings and functions.
