(b) Any member who retires under the provisions of subsection (a) or subsection (c) of G.S. 135-57 before he either has attained his sixty-fifth birthday or has completed 24 years of creditable service shall receive an annual retirement allowance, payable monthly, which shall commence on the effective date of his retirement and shall be continued on the first day of each month thereafter during his lifetime, the amount of which shall be determined in the same manner and be subject to the same maximum limitation as provided for in subsection (a) above except that the allowance so computed shall be reduced by one quarter of one percent (1/4 of 1%) thereof for each month by which the member's retirement date precedes the first day of the month coincident with or next following the earlier of

- (1) The member's sixty-fifth birthday or
- (2) The date the member would have completed 24 years of creditable service if he had been in membership service from his retirement date until such date.

For the sole purpose of determining whether a member has completed the required 24 years of creditable service referred to in this subsection (b) or the date on which he would have completed such period of creditable service if he had remained in membership service, in the case of a member of the Teachers' and State Employees' Retirement System who became a member of this Retirement System under circumstances described in G.S. 135-28.1, and who at the time of his retirement hereunder is in service and has retained his membership in the Teachers' and State Employees' Retirement System as provided for in G.S. 135-28.1, his creditable service shall be taken as the sum of his creditable service hereunder plus the amount of creditable service remaining to his credit in such other system as provided for in G.S. 135-28.1.

(c) The foregoing subsections of this section to the contrary notwithstanding, in no event will the retirement allowance payable at any time to a retired member who was a member of a previous system immediately prior to January 1, 1974, prior to any reduction of such allowance in accordance with G.S. 135-61, be less than the retirement allowance to which he would have been entitled under the terms of such previous system if this Article had not been enacted.

(d) Commencing with the payment for the month of January 1974, the retirement allowance of each retired member of a previous system who was in receipt of a retirement allowance thereunder as of January 1, 1974, shall be paid from the assets of the Retirement System in the same amount as would have been applicable for January 1974, if this Article had not been enacted.

(e) Notwithstanding any other provision to the contrary, in no event will the retirement allowance payable at any time to a retired member who was a member of a previous system immediately prior to January 1, 1974, prior to any reduction of such allowance in accordance with G.S. 135-61, be greater than the retirement allowance to which he would have been entitled under the terms of such previous system if this Article had not been enacted or than the retirement allowance to which he would have been entitled under this Article if he had not been entitled to benefits under the terms of such previous system, whichever is larger.

(f) Notwithstanding any provision of this section or G.S. 135-57 to the contrary, a member in receipt of severance pay from an employer is not eligible to receive a retirement allowance under this Article while in receipt of that severance pay. If, as severance, the member is entitled to receive a lump sum payment based on a certain period of time, such as a number of weeks or months, then the member is not eligible to receive a retirement allowance under this Article for any month, beginning immediately after the member's separation from service to that employer, that includes the time period used to determine the lump sum payment.
