

§ 139-46. Recreational and related aspects of watershed improvement programs.

(a) Local watershed sponsors may install and maintain recreational facilities and services in connection with watershed improvement works or projects, and may provide areas (including structures) for the conservation and replacement of fish and wildlife habitat. For any of these purposes said sponsors may appropriate and expend funds, may levy taxes and assessments, and may issue bonds and notes, to the same extent as in the case of other authorized watershed activities. Such recreational facilities and services may include but are not limited to any or all of the water-related recreational facilities provided for in subsection (b) of this section, and parking areas, ingress and egress roads, hiking or nature trails, picnic areas and campsites. No application for watershed planning under Public Law 566 (83rd Congress, United States), as amended, may be approved by the Soil and Water Conservation Commission until after receipt and consideration of recommendations from the appropriate fish and wildlife agency concerning replacement of fish and wildlife habitat in mitigation of anticipated damages: Provided that this requirement for consideration of fish and wildlife recommendations shall not apply if such recommendations are not received by the Soil and Water Conservation Commission within 30 days after the Soil and Water Conservation Commission requests such recommendations. Within the meaning of this provision the "appropriate fish and wildlife agency" means the North Carolina Wildlife Resources Commission as to matters within its jurisdiction, and the North Carolina Department of Environmental Quality as to matters within its jurisdiction, or both such agencies as to matters within their concurrent jurisdiction.

(b) It is hereby declared that the provisions of this Chapter authorizing works of improvement, structures, plans, surveys and investigations for the development of water resources were intended to include water-related recreational facilities, including but not limited to boat launching areas and facilities, bathhouses, campsites and picnic areas adjacent to the water, and other basic facilities for water recreational areas. All expenditures heretofore incurred by any local watershed sponsor for such water-related recreational facilities are hereby validated and confirmed. The proceeds of any tax heretofore approved by the voters of a county for a county watershed improvement program, or authorized by special or local act for a county watershed improvement program, may be expended for such water-related recreational facilities, if the board of county commissioners after a public hearing determines that the proceeds should be so expended. Notice of such hearing shall be published at least once a week for two consecutive weeks in at least one newspaper of general circulation published in the county, in lieu thereof, in a newspaper of general circulation in the county. No action based on the alleged invalidity of the expenditures herein confirmed or of the use of tax proceeds herein authorized shall lie after January 1, 1968, to enjoin or contest any such expenditure or any such use of tax proceeds.

(c) Within the meaning of this section "local watershed sponsors" include soil and water conservation districts, drainage districts, municipalities, and counties undertaking county watershed programs under Article 3 of this Chapter or any local act granting similar powers.
