

**§ 159-56. Publication of bond order as introduced.**

After the introduction of the bond order, the clerk shall publish it once with the following statement appended:

"The foregoing order has been introduced and a sworn statement of debt has been filed under the Local Government Bond Act showing the appraised value of the [issuing unit] to be \$\_\_\_\_\_ and the net debt thereof, including the proposed bonds, to be \$\_\_\_\_\_. The finance officer of the [issuing unit] has filed a statement estimating that the total amount of interest that will be paid on the bonds over the expected term of the bonds, if issued, is \$\_\_\_\_\_. A tax is authorized to be levied to pay the principal of and interest on the bonds if they are issued. The finance officer has filed a statement estimating that [a property tax increase of \$\_\_\_\_\_ per \$100.00 of assessed valuation] [no property tax increase] will be required to provide sufficient funds to pay the principal and interest on the proposed bonds. These estimates are preliminary, are for general informational purposes only, and may differ from the actual interest paid on the bonds or the actual property tax increases required to provide sufficient funds to pay the principal and interest on the bonds. Anyone who wishes to be heard on the questions of the validity of the bond order and the advisability of issuing the bonds may appear at a public hearing or an adjournment thereof to be held at \_\_\_\_\_.

---

Clerk"

The publication may include a summary of the assumptions upon which the estimates of the total amount of interest that will be paid on the bonds over the expected term of the bonds if issued, or the amount of any property tax increase required to provide funds to pay principal and interest on the bonds if issued, are based, and may further state that there is no assurance that the circumstances included in the assumptions will occur, that the occurrence of certain of the assumptions is beyond the control of the issuing unit, and that differences between the actual circumstances at the time the bonds are issued from the assumptions included in the estimates could result in significant differences between the estimated interest and the actual interest on the bonds or the actual property tax increases required to provide sufficient funds to pay the principal and interest on the bonds. The statement may include additional qualifications as the unit deems appropriate. The validity of bonds authorized to be issued pursuant to this act is not subject to challenge on the grounds that the actual interest cost of the bonds when issued, or the actual property tax increases required to provide sufficient funds to pay the principal and interest on the bonds when issued, is different than the amount set forth in the estimates referenced in the publication of the bond order as introduced.
