

§ 58-7-95. Establishment of separate accounts by life insurance companies.

(a) When used in this section, "variable contract" shall mean any individual or group contract issued by an insurance company providing for life insurance or annuity benefits or contractual payments or values which vary so as to reflect investment results of any segregated portfolio of investments or of a designated separate account or accounts in which amounts received or retained in connection with any of such contracts have been placed.

(b) Any domestic life insurance company may, pursuant to resolution of its board of directors, establish one or more separate accounts and may allocate to such account or accounts amounts (including without limitation proceeds applied under optional modes of settlement or under dividend options) to provide for life insurance, guaranteed investment contracts, or annuities (and benefits incidental thereto) payable in fixed or variable amounts or both.

(c) In addition to the amounts allocated under subsection (b), such company may allocate from its general accounts to such separate account or accounts additional amounts, which may include an initial allocation to establish such account; provided, that such company shall be entitled to withdraw at any time, in whole or in part, its participation in any separate account to which funds have been allocated as provided in this subsection (c), and to receive, upon withdrawal, its proportionate share of the value of the assets of the separate account at the time of withdrawal.

(d) Except as hereinafter provided, the amounts allocated to any separate account and accumulations thereon may be invested and reinvested without regard to any requirements or limitations prescribed by the laws of this State governing the investments of life insurance companies; provided, that to the extent that the company's reserve liability with regard to (i) benefits guaranteed as to amount and duration, and (ii) funds guaranteed as to principal amount or stated rate of interest is maintained in any separate account, a portion of the assets of such separate account at least equal to such reserve liability shall be, except as the Commissioner may otherwise approve, invested in accordance with the laws of this State governing the investments of life insurance companies. The investments in such separate account or accounts shall not be taken into account in applying the investment limitations applicable to other investments of the company.

(e) Repealed by Session Laws 2001-223, s. 6.3, effective June 15, 2001.

(f) Repealed by Session Laws 2001-223, s. 6.3, effective June 15, 2001.

(g) The life insurance company shall maintain in each separate account assets with a value at least equal to the reserves and other contract liabilities with respect to the account, except as may otherwise be approved by the Commissioner.

(h) The income, if any, and gains and losses, realized or unrealized, from assets allocated to each account shall be credited to or charged against the account without regard to other income, gains or losses of the company.

(i) Unless otherwise approved by the Commissioner, assets allocated to a separate account shall be valued at their market value on the date of valuation, or if there is no readily available market, then as provided under the terms of the contract or the rules or other written agreement applicable to such separate account; provided, that unless otherwise approved by the Commissioner that portion of the assets of such separate account equal to the company's reserve liability with regard to the guaranteed benefits and funds referred to in subsection (d) hereof, if any, shall be valued in accordance with the rules otherwise applicable to the company's assets. The reserve liability for variable contracts shall be determined in accordance with actuarial procedures that recognize the variable nature of the benefits provided and any mortality guarantees.

(j) If and to the extent so provided under the applicable contracts, that portion of the assets of any such separate account equal to the reserves and other contract liabilities with

respect to such account shall not be chargeable with liabilities arising out of any other business the company may conduct.

(k) The life insurance company shall have the power and the company's charter shall be deemed amended to authorize such company to do all things necessary under any applicable state or federal law in order that variable contracts may be lawfully sold or offered for sale. To the extent such company deems it necessary to comply with any applicable federal or state laws, such company, with respect to any separate account, including without limitation any separate account which is a management investment company or a unit investment trust, may provide, for persons having an interest therein, appropriate voting and other rights and special procedures for the conduct of the business of such account, including without limitation special rights and procedures relating to investment policy, investment advisory services, selection of independent public accountants, and the selection of a committee, the members of which need not be otherwise affiliated with such company, to manage the business of such account. This provision shall not affect existing laws pertaining to the voting rights of the life insurance company's policyholders.

(l) Amounts allocated to a separate account in the exercise of the power granted by this section shall be owned by the company, and the company shall not be, or hold itself out to be, a trustee with respect to such amounts.

(m) The company shall not, in connection with the allocation of investments or expenses, or in any other respect, discriminate unfairly between separate accounts or between separate and other accounts, but this provision shall not require the company to follow uniform investment policies for its accounts.

(n) No sale, exchange or other transfer of assets may be made by a company between any of its separate accounts or between any other investment account and one or more of its separate accounts unless, in case of a transfer into a separate account, such transfer is made solely to establish the account or to support the operation of the contracts with respect to the separate account to which the transfer is made, and unless such transfer, whether into or from a separate account, is made (i) by a transfer of cash, or (ii) by a transfer of securities having a readily determinable market value, provided that such transfer of securities is approved by the Commissioner. The Commissioner may approve other transfers among such accounts if, in his opinion, such transfers would not be inequitable.

(o) Any contract providing benefits payable in variable amounts delivered or issued for delivery in this State shall contain a statement of the essential features of the procedure to be followed by the company in determining the dollar amount of such variable benefits. Any such contract under which the benefits vary to reflect investment experience, including a group contract and any certificate in evidence of variable benefits issued thereunder, shall state that such dollar amount will so vary and shall contain on its first page a statement to the effect that the benefits thereunder are on a variable basis.

(p) Any variable annuity contract providing benefits payable in variable amounts issued under this section may include as an incidental benefit provision for payment on death during the deferred period of an amount not in excess of the greater of the sum of the premiums or stipulated payments paid under the contract or the value of the contract at time of death or any other incidental amount approved by the Commissioner; such contracts will be deemed not to be contracts of life insurance and therefore not subject to the provisions of the insurance law governing life insurance contracts. Provision for any other benefit on death during the deferred period will be subject to such insurance provisions.

(q) No domestic life insurance company and no other life insurance company shall deliver or issue for delivery within this State any contracts under this section unless it is licensed or organized to do a life insurance or annuity business in this State, and the

Commissioner is satisfied that its financial condition and its methods of operation in connection with the issuance of such contracts will not render its operation hazardous to the public or its policyholders in this State. In determining the qualification of a company requesting authority to deliver such contracts within this State, the Commissioner shall consider, among other things:

- (1) The history and financial condition of the company;
- (2) The character, responsibility and general fitness of the officers and directors of the company; and
- (3) The law and regulations under which the company is authorized in the state of domicile to issue variable annuity contracts. The state of entry of an alien company shall be deemed its place of domicile for this purpose.

If the company is a subsidiary of an admitted life insurance company, or affiliated with such company through common management or ownership, it may be deemed by the Commissioner to have met the provisions of this subsection if either it or the parent or affiliated company meets the requirements hereof.

(r) The Commissioner shall have sole and exclusive authority to regulate the issuance by life insurance companies and the sale of such contracts and to issue such reasonable rules and regulations as may be necessary to carry out the purposes and provisions of this section, and such contracts and the life insurance companies which issue them shall not be subject to the Securities Law of North Carolina nor to the jurisdiction of the Secretary of State thereunder.

(s) Except for G.S. 58-58-61 and G.S. 58-58-120 in the case of a variable annuity contract, G.S. 58-58-55, 58-58-120, and 58-58-140(1) in the case of a variable life insurance policy, and except as otherwise provided in this section, all pertinent provisions of this Chapter apply to separate accounts and contracts issued in connection with separate accounts. Any individual variable life insurance contract, delivered or issued for delivery within this State, shall contain reinstatement and nonforfeiture provisions appropriate to that contract. Any group variable life insurance contract, delivered or issued for delivery within this State, shall contain grace provisions appropriate to that contract. Any individual variable annuity contract, delivered or issued for delivery within this State, shall contain reinstatement provisions appropriate to that contract.
