(2) 'Terminated or termination'. – Includes, with respect to a contract, the expiration or nonrenewal of the contract, but does not include a termination of the contract by an HMO for failure to meet applicable quality standards or for fraud.

(b) Termination of Provider. – If a contract between an HMO benefit plan that is not a point-of-service plan and a health care provider is terminated by the provider or by the HMO, or benefits or coverage provided by the HMO are terminated because of a change in the terms of provider participation in a health benefit plan of an HMO that is not a point-of-service plan, and an individual is covered by the plan and is undergoing treatment from the provider for an ongoing special condition on the date of the termination, then, the HMO shall:

(1) Upon termination of the contract by the HMO or upon receipt by the HMO of written notification of termination by the provider, notify the individual on a timely basis of the termination and of the right to elect continuation of coverage of treatment by the provider under this section if the individual has filed a claim with the HMO for services provided by the terminated provider or the individual is otherwise known by the HMO to be a patient of the provider.

(2) Subject to subsection (h) of this section, permit the individual to elect to continue to be covered with respect to the treatment by the provider of the ongoing special condition during a transitional period provided under this section.

(c) Newly Covered Insured. – Each health benefit plan offered by an HMO that is not a point-of-service plan shall provide transition coverage to individuals who are undergoing treatment from a provider for an ongoing special condition and are newly covered under the health benefit plan because the individual's employer has changed health benefit plans, and the HMO shall:

(1) Notify the individual on the date of enrollment of the right to elect continuation of coverage of treatment by the provider under this section.

(2) Subject to subsection (h) of this section, permit the individual to elect to continue to be covered with respect to the treatment by the provider of the ongoing special condition during a transitional period provided under this section.

(d) Transitional Period: In General. – Except as otherwise provided in subsections (e), (f), and (g) of this section, the transitional period under this subsection shall extend up to 90 days, as determined by the treating health care provider, after the date of the notice to the individual described in subdivision (b)(1) of this section or the date of enrollment in a new plan described in subdivision (c)(1) of this section.

(e) Transitional Period: Scheduled Surgery, Organ Transplantation, or Inpatient Care. – If surgery, organ transplantation, or other inpatient care was scheduled for an individual before the date of the notice required under subdivision (b)(1) of this section, or the date of enrollment in a new plan described in subdivision (c)(1) of this section, or if the individual on that date was on an established waiting list or otherwise scheduled to have the surgery, transplantation, or other inpatient care, the transitional period under this subsection with respect to the surgery, transplantation, or other inpatient care shall extend beyond the period under subsection (d) of this section through the date of discharge of the individual after completion of the surgery, transplantation, or other inpatient care, and through postdischarge follow-up care related to the surgery, transplantation, or other inpatient care occurring within 90 days after the date of discharge.

(f) Transitional Period: Pregnancy. – If an insured has entered the second trimester of pregnancy on the date of the notice required under subdivision (b)(1) of this section, or the date of enrollment in a new plan described in subdivision (c)(1) of this section, and the provider was treating the pregnancy before the date of the notice, or the

date of enrollment in the new plan, the transitional period with respect to the provider's treatment of the pregnancy shall extend through the provision of 60 days of postpartum care.

(g) Transitional Period: Terminal Illness. – If an insured was determined to be terminally ill at the time of a provider's termination of participation under subsection (b) of this section, or at the time of enrollment in the new plan under subdivision (c)(1) of this section, and the provider was treating the terminal illness before the date of the termination or enrollment in the new plan, the transitional period shall extend for the remainder of the individual's life with respect to care directly related to the treatment of the terminal illness or its medical manifestations.

(h) Permissible Terms and Conditions. – An HMO may condition coverage of continued treatment by a provider under subdivision (b)(2) or (c)(2) of this section upon the following terms and conditions:

(1) When care is provided pursuant to subdivision (b)(2) of this section, the provider agrees to accept reimbursement from the HMO and individual involved, with respect to cost-sharing, at the rates applicable before the start of the transitional period as payment in full. When care is provided pursuant to subdivision (c)(2) of this section, the provider agrees to accept the prevailing rate based on contracts the insurer has with the same or similar providers in the same or similar geographic area, plus the applicable copayment, as reimbursement in full from the HMO and the insured for all covered services.

(2) The provider agrees to comply with the quality assurance programs of the HMO responsible for payment under subdivision (1) of this subsection and to provide to the HMO necessary medical information related to the care provided. The quality assurance programs shall not override the professional or ethical responsibility of the provider or interfere with the provider's ability to provide information or assistance to the patient.

(3) The provider agrees otherwise to adhere to the HMO's established policies and procedures for participating providers, including procedures regarding referrals and obtaining prior authorization, providing services pursuant to a treatment plan, if any, approved by the HMO, and member hold harmless provisions.

(4) The insured or the insured's representative notifies the HMO within 45 days of the date of the notice described in subdivision (b)(1) of this section or the new enrollment described in subdivision (c)(1) of this section, that the insured elects to continue receiving treatment by the provider.

(5) The provider agrees to discontinue providing services at the end of the transition period pursuant to this section and to assist the insured in an orderly transition to a network provider. Nothing in this section shall prohibit the insured from continuing to receive services from the provider at the insured's expense.

(i) Construction. – Nothing in this section:

(1) Requires the coverage of benefits that would not have been covered if the provider involved remained a participating provider or, in the case of a newly covered insured, requires the coverage of benefits not provided under the new policy under which the person is covered.

(2) Requires an HMO to offer a transitional period when the HMO terminates a provider's contract for reasons relating to quality of care or fraud; and refusal to offer a transitional period under these circumstances is not subject to the grievance review provisions of G.S. 58-50-62.

(3) Prohibits an HMO from extending any transitional period beyond that specified in this section.

(4) Prohibits an HMO from terminating the continuing services of a provider as described in this section when the HMO has determined that the provider's continued provision of services may result in, or is resulting in, a serious danger to the health or safety of the insured. Such terminations shall be in accordance with the contract provisions that the provider would otherwise be subject to if the provider's contract were still in effect.

(j) Disclosure of Right to Transitional Period. – Each HMO shall include a clear description of an insured's rights under this section in its evidence of coverage and summary plan description."

(c) The directory listing shall include all of the types of participating providers. Upon a participating provider's written request, the insurer shall also list in the directory, as part of the participating provider's listing, the names of any allied health professionals who provide primary care services under the supervision of the participating provider and whose services are covered by virtue of the insurer's contract with the supervising participating provider and whose credentials have been verified by the supervising participating provider. These allied health professionals shall be listed as a part of the directory listing for the participating provider upon receipt of a certification by the supervising participating provider that the credentials of the allied health professional have been verified consistent with the requirements for the type of information required to be verified under G.S. 58-3-230."

Subpart C. Disclosure of Payment Obligations

SECTION 2.3. Article 3 of Chapter 58 of the General Statutes is amended by adding a new section to read:

"**§ 58-3-250. Payment obligations for covered services.**

(a) If an insurer calculates a benefit amount for a covered service under a health benefit plan through a method other than a fixed dollar co-payment, the insurer shall clearly explain in its evidence of coverage and plan summaries how it determines its payment obligations and the payment obligations of the insured. The explanation shall include:

(1) An example of the steps the insurer would take in calculating the benefit amount and the payment obligations of each party.

(2) Whether the insurer has obtained the agreement of health care providers not to bill an insured for any amounts by which a provider's charge exceeds the insurer's recognized charge for a covered service and whether the insured may be liable for paying any excess amount.

(3) Which party is responsible for filing a claim or bill with the insurer.

(b) If an insured is liable for an amount that differs from a stated fixed dollar co-payment or may differ from a stated coinsurance percentage because the coinsurance amount is based on a plan allowance or other such amount rather than the actual charges and providers are permitted to balance bill the insured, the evidence of coverage, plan summaries, and marketing and advertising materials that include information on benefit levels shall contain the following statement: 'NOTICE: Your actual expenses for covered services may exceed the stated [coinsurance percentage or co-payment amount] because actual provider charges may not be used to determine [plan/insurer or similar term] and [insured/member/enrollee or similar term] payment obligations.' "

PART III. MANDATED BENEFITS

Subpart A. Clinical Trials

SECTION 3.1. Article 3 of Chapter 58 of the General Statutes is amended by adding a new section to read:

"**§ 58-3-255. Coverage of clinical trials.**

(a) As used in this section:

(1) 'Covered clinical trials' means phase II, phase III, and phase IV patient research studies designed to evaluate new treatments, including prescription drugs, and that: (i) involve the treatment of life-threatening medical conditions, (ii) are medically indicated and preferable for that patient compared to available noninvestigational treatment alternatives, and (iii) have clinical and preclinical data that shows the trial will likely be more effective for that patient than available noninvestigational alternatives. Covered clinical trials must also meet the following requirements:

a. Must involve determinations by treating physicians, relevant scientific data, and opinions of experts in relevant medical specialties.

b. Must be trials approved by centers or cooperative groups that are funded by the National Institutes of Health, the Food and Drug Administration, the Centers for Disease Control, the Agency for Health Care Research and Quality, the Department of Defense, or the Department of Veterans Affairs. The health benefit plan may also cover clinical trials sponsored by other entities.

c. Must be conducted in a setting and by personnel that maintain a high level of expertise because of their training, experience, and volume of patients.

(2) 'Health benefit plan' is defined by G.S. 58-3-167.

(3) 'Insurer' is defined by G.S. 58-3-167.

(b) Each health benefit plan shall provide coverage for participation in phase II, phase III, and phase IV covered clinical trials by its insureds or enrollees who meet protocol requirements of the trials and provide informed consent.

(c) Only medically necessary costs of health care services, as defined in G.S. 58-50-61, associated with participation in a covered clinical trial, including those related to health care services typically provided absent a clinical trial, the diagnosis and treatment of complications, and medically necessary monitoring, are required to be covered by the health benefit plan and only to the extent that such costs have not been or are not funded by national agencies, commercial manufacturers, distributors, or other research sponsors of participants in clinical trials. Nothing in this section shall be construed to require a health benefit plan to pay or reimburse for non-FDA approved drugs provided or made available to a patient who received the drug during a covered clinical trial after the clinical trial has been discontinued.

(d) Clinical trial costs not required to be covered by a health benefit plan include the costs of services that are not health care services, those provided solely to satisfy data collection and analysis needs, those related to investigational drugs and devices, and those that are not provided for the direct clinical management of the patient. In the event a claim contains charges related to services for which coverage is required under this section, and those charges have not been or cannot be separated from costs related to services for which coverage is not required under this section, the health benefit plan may deny the claim."

Subpart B. Newborn Hearing Screening

(b) Each health benefit plan shall provide coverage for newborn hearing screening ordered by the attending physician pursuant to G.S. 130A-125. The same deductibles, coinsurance, reimbursement methodologies, and other limitations and administrative procedures as apply to similar services covered under the health benefit plan shall apply to coverage for newborn hearing screening."

SECTION 4.5. Article 50 of Chapter 58 of the General Statutes is amended by adding a new Part to read:

"Part 4. Health Benefit Plan External Review.

"**§ 58-50-75. Purpose, scope, and definitions.**

(a) The purpose of this Part is to provide standards for the establishment and maintenance of external review procedures to assure that covered persons have the opportunity for an independent review of an appeal decision upholding a noncertification or a second-level grievance review decision upholding a noncertification, as defined in this Part.

(b) This Part applies to all insurers that offer a health benefit plan and that provide or perform utilization review pursuant to G.S. 58-50-61, the Teachers' and State Employees' Comprehensive Major Medical Plan, and the Health Insurance Program for Children. With respect to second-level grievance review decisions, this Part applies only to second-level grievance review decisions involving noncertification decisions.

(c) In addition to the definitions in G.S. 58-50-61(a), as used in this Part:

(1) 'Covered benefits' or 'benefits' means those benefits consisting of medical care, provided directly through insurance or otherwise and including items and services paid for as medical care, under the terms of a health benefit plan.

(2) 'Covered person' means a policyholder, subscriber, enrollee, or other individual covered by a health benefit plan. 'Covered person' includes another person, including the covered person's health care provider, acting on behalf of the covered person. Nothing in this subdivision shall require the covered person's health care provider to act on behalf of the covered person.

(3) 'Independent review organization' or 'organization' means an entity that conducts independent external reviews of appeals of noncertifications and second-level grievance review decisions.

"**§ 58-50-76:** Reserved.

"**§ 58-50-77. Notice of right to external review.**

(a) An insurer shall notify the covered person in writing of the covered person's right to request an external review and include the appropriate statements and information set forth in this section at the time the insurer sends written notice of:

(1) A noncertification decision under G.S. 58-50-61;

(2) An appeal decision under G.S. 58-50-61 upholding a noncertification; and

(3) A second-level grievance review decision under G.S. 58-50-62 upholding the original noncertification.

(b) The insurer shall include in the notice required under subsection (a) of this section for a notice related to a noncertification decision under G.S. 58-50-61, a statement informing the covered person that if the covered person has a medical condition where the time frame for completion of an expedited review of an appeal decision involving a noncertification decision under G.S. 58-50-61 would reasonably be expected to seriously jeopardize the life or health of the covered person or jeopardize the covered person's ability to regain maximum function, then the covered person may file a request for an expedited external review under G.S. 58-50-82 at the same time the covered person files a request for an expedited review of an appeal involving a noncertification decision under G.S. 58-50-61, but that the Commissioner will determine whether the covered person shall be required to complete the expedited review of the grievance before conducting the expedited external review.

(c) The insurer shall include in the notice required under subsection (a) of this section for a notice related to an appeal decision under G.S. 58-50-61, a statement informing the covered person that:

(1) If the covered person has a medical condition where the time frame for completion of an expedited review of a grievance involving an appeal decision under G.S. 58-50-61 would reasonably be expected to seriously jeopardize the life or health of the covered person or jeopardize the covered person's ability to regain maximum function, the covered person may file a request for an expedited external review under G.S. 58-50-82 at the same time the covered person files a request for an expedited review of a grievance involving an appeal decision under G.S. 58-50-62, but that the Commissioner will determine whether the covered person shall be required to complete the expedited review of the grievance before conducting the expedited external review.

(2) If the covered person has not received a written decision from the insurer within 60 days after the date the covered person files the second-level grievance with the insurer pursuant to G.S. 58-50-62 and the covered person has not requested or agreed to a delay, the covered person may file a request for external review under G.S. 58-50-80 and shall be considered to have exhausted the insurer's internal grievance process for purposes of G.S. 58-50-79.

(d) The insurer shall include in the notice required under subsection (a) of this section for a notice related to a final second-level grievance review decision under G.S. 58-50-62, a statement informing the covered person that:

(1) If the covered person has a medical condition where the time frame for completion of a standard external review under G.S. 58-50-80 would reasonably be expected to seriously jeopardize the life or health of the covered person or jeopardize the covered person's ability to regain maximum function, the covered person may file a request for an expedited external review under G.S. 58-50-82; or

(2) If the second-level grievance review decision concerns an admission, availability of care, continued stay, or health care service for which the covered person received emergency services but has not been discharged from a facility, the covered person may request an expedited external review under G.S. 58-50-82.

(e) In addition to the information to be provided under this section, the insurer shall include a copy of the description of both the standard and expedited external review procedures the insurer is required to provide under G.S. 58-50-93, including the provisions in the external review procedures that give the covered person the opportunity to submit additional information.

"**§ 58-50-78:** Reserved.

"**§ 58-50-79. Exhaustion of internal grievance process.**

(a) Except as provided in G.S. 58-50-82, a request for an external review under G.S. 58-50-80 or G.S. 58-50-82 shall not be made until the covered person has exhausted the insurer's internal appeal and grievance processes under G.S. 58-50-61 and G.S. 58-50-62.

(b) A covered person shall be considered to have exhausted the insurer's internal grievance process for purposes of this section, if the covered person:

(1) Has filed a second-level grievance involving a noncertification appeal decision under G.S. 58-50-61 and G.S. 58-50-62, and

(2) Except to the extent the covered person requested or agreed to a delay, has not received a written decision on the grievance from the insurer within 60 days since the date the covered person filed the grievance with the insurer.

(c) Notwithstanding subsection (b) of this section, a covered person may not make a request for an external review of a noncertification involving a retrospective review determination made under G.S. 58-50-61 until the covered person has exhausted the insurer's internal grievance process.

(d) A request for an external review of a noncertification may be made before the covered person has exhausted the insurer's internal grievance and appeal procedures under G.S. 58-50-61 and G.S. 58-50-62 whenever the insurer agrees to waive the exhaustion requirement. If the requirement to exhaust the insurer's internal grievance procedures is waived, the covered person may file a request in writing for a standard external review as set forth in G.S. 58-50-80 or may make a request for an expedited external review as set forth in G.S. 58-50-82. In addition, the insurer may choose to eliminate the second-level grievance review under G.S. 58-50-62. In such case, the covered person may file a request in writing for a standard external review under G.S. 58-50-80 or may make a request for an expedited external review as set forth in G.S. 58-50-82 within 60 days after receiving notice of an appeal decision upholding a noncertification.

"**§ 58-50-80. Standard external review.**

(a) Within 60 days after the date of receipt of a notice under G.S. 58-50-77, a covered person may file a request for an external review with the Commissioner.

(b) Upon receipt of a request for an external review under subsection (a) of this section, the Commissioner shall, within 10 business days, complete all of the following:

(1) Notify and send a copy of the request to the insurer that made the decision which is the subject of the request. The notice shall include a request for any information that the Commissioner requires to conduct the preliminary review under subdivision (2) of this subsection and require that the insurer deliver the requested information to the Commissioner within three business days of receipt of the notice.

(2) Conduct a preliminary review of the request to determine whether:

a. The individual is or was a covered person in the health benefit plan at the time the health care service was requested or, in the case of a retrospective review, was a covered person in the health benefit plan at the time the health care service was provided.

b. The health care service that is the subject of the noncertification appeal decision or the second-level grievance review decision upholding a noncertification reasonably appears to be a covered service under the covered person's health benefit plan.

c. The covered person has exhausted the insurer's internal appeal and grievance processes under G.S. 58-50-61 and G.S. 58-50-62, unless the covered person is considered to have exhausted the insurer's internal appeal or grievance process under G.S. 58-50-79, or unless the insurer has waived its right to conduct an expedited review of the appeal decision.

d. The covered person has provided all the information and forms required by the Commissioner that are necessary to process an external review.

(3) Notify in writing the covered person and the covered person's provider who performed or requested the service whether the request is complete and whether the request has been accepted for external review. If the request is complete and accepted for external review, the notice shall include a copy of the information that the insurer provided to the Commissioner pursuant to subdivision (b)(1) of this section, and inform the covered person that the covered person may submit to the assigned independent review organization in writing, within seven days after the date of the notice, additional information and supporting documentation relevant to the initial denial for the organization to consider when conducting the external review. If the covered person chooses to send additional information to the assigned independent review organization, then the covered person shall at the same time and by the same means, send a copy of that information to the insurer.

(4) Notify the insurer in writing whether the request for external review has been accepted. If the request has been accepted, the notice shall direct the insurer or its designee utilization review organization to provide to the assigned organization, within seven days of receipt of the notice, the documents and any information considered in making the noncertification appeal decision or the second-level grievance review decision.

(5) Assign the review to an independent review organization approved under G.S. 58-50-85. The assignment shall be made using an alphabetical list of the independent review organizations, systematically assigning reviews on a rotating basis to the next independent review organization on that list capable of performing the review to conduct the external review. After the last organization on the list has been assigned a review, the Commissioner shall return to the top of the list to continue assigning reviews.

(6) Forward to the review organization that was assigned by the Commissioner any documents that were received relating to the request for external review.

(c) If the finding of the preliminary review under subdivision (b)(2) of this section is that the request is not complete, the Commissioner shall request from the covered person the information or materials needed to make the request complete. The covered person shall furnish the Commissioner with the requested information or materials within 90 days after the date of the insurer's decision for which external review is requested.

(d) If the finding of the preliminary review under subdivision (b)(2) of this section is that the request is not accepted for external review, the Commissioner shall inform the covered person, the covered person's provider who performed or requested the service, and the insurer in writing of the reasons for its nonacceptance.

(e) Failure by the insurer or its designee utilization review organization to provide the documents and information within the time specified in this subsection shall not delay the conduct of the external review. However, if the insurer or its utilization review organization fails to provide the documents and information within the time specified in subdivision (b)(4) of this section, the assigned organization may terminate the external review and make a decision to reverse the noncertification appeal decision or the second-level grievance review decision. Within one business day of making the decision under this subsection, the organization shall notify the covered person, the insurer, and the Commissioner.

(f) If the covered person submits additional information to the Commissioner pursuant to subdivision (b)(3) of this section, the Commissioner shall forward the information to the assigned review organization within two business days of receiving it and shall forward a copy of the information to the insurer.

(g) Upon receipt of the information required to be forwarded under subsection (f) of this section, the insurer may reconsider its noncertification appeal decision or second-level grievance review decision that is the subject of the external review. Reconsideration by the insurer of its noncertification appeal decision or second-level grievance review decision under this subsection shall not delay or terminate the external review. The external review shall be terminated if the insurer decides, upon completion of its reconsideration, to reverse its noncertification appeal decision or second-level grievance review decision and provide coverage or payment for the requested health care service that is the subject of the noncertification appeal decision or second-level grievance review decision.

(h) Upon making the decision to reverse its noncertification appeal decision or second-level grievance review decision under subsection (g) of this section, the insurer shall notify the covered person, the organization, and the Commissioner in writing of its decision. The organization shall terminate the external review upon receipt of the notice from the insurer sent under this subsection.

(i) The assigned organization shall review all of the information and documents received under subsections (b) and (f) of this section that have been forwarded to the organization by the Commissioner and the insurer. In addition, the assigned review organization, to the extent the documents or information are available, shall consider the following in reaching a decision:

(1) The covered person's medical records.

(2) The attending health care provider's recommendation.

(3) Consulting reports from appropriate health care providers and other documents submitted by the insurer, covered person, or the covered person's treating provider.

(4) The most appropriate practice guidelines that are based on sound clinical evidence and that are periodically evaluated to assure ongoing efficacy.

(5) Any applicable clinical review criteria developed and used by the insurer or its designee utilization review organization.
(6) Medical necessity, as defined in G.S. 58-3-200(b).
(7) Any documentation supporting the medical necessity and appropriateness of the provider's recommendation.

The assigned organization shall review the terms of coverage under the covered person's health benefit plan to ensure that the organization's decision shall not be contrary to the terms of coverage under the covered person's health benefit plan with the insurer.

The assigned organization's determination shall be based on the covered person's medical condition at the time of the initial noncertification decision.

(j) Within 45 days after the date of receipt by the Commissioner of the request for external review, the assigned organization shall provide written notice of its decision to uphold or reverse the noncertification appeal decision or second-level grievance review decision to the covered person, the insurer, the covered person's provider who performed or requested the service, and the Commissioner. In reaching a decision, the assigned review organization is not bound by any decisions or conclusions reached during the insurer's utilization review process or the insurer's internal grievance process under G.S. 58-50-61 and G.S. 58-50-62.

(k) The organization shall include in the notice sent under subsection (j) of this section:

(1) A general description of the reason for the request for external review.
(2) The date the organization received the assignment from the Commissioner to conduct the external review.
(3) The date the organization received information and documents submitted by the covered person and by the insurer.
(4) The date the external review was conducted.
(5) The date of its decision.
(6) The principal reason or reasons for its decision.
(7) The clinical rationale for its decision.
(8) References to the evidence or documentation, including the practice guidelines, considered in reaching its decision.
(9) The professional qualifications and licensure of the clinical peer reviewers.
(10) Notice to the covered person that he or she is not liable for the cost of the external review.

(l) Upon receipt of a notice of a decision under subsection (k) of this section reversing the noncertification appeal decision or second-level grievance review decision, the insurer shall within three business days reverse the noncertification appeal decision or second-level grievance review decision that was the subject of the review and shall provide coverage or payment for the requested health care service or supply that was the subject of the noncertification appeal decision or second-level grievance review decision. In the event the covered person is no longer enrolled in the health benefit plan when the insurer receives notice of a decision under subsection (k) of this section reversing the noncertification appeal decision or second-level grievance review decision, the insurer that made the noncertification appeal decision or second-level grievance review decision shall be responsible under this section only for the costs of those services or supplies the covered person received or would have received prior to disenrollment if the service had not been denied when first requested.

"**§ 58-50-81:** Reserved.

"**§ 58-50-82. Expedited external review.**

(a) Except as provided in subsection (g) of this section, a covered person may make a written or oral request for an expedited external review with the Commissioner at the time the covered person receives:

(1) A noncertification decision under G.S. 58-50-61(f) if:

a. The covered person has a medical condition where the time frame for completion of an expedited review of an appeal involving a noncertification set forth in G.S. 58-50-61(l) would be reasonably expected to seriously jeopardize the life or health of the covered person or would jeopardize the covered person's ability to regain maximum function; and

b. The covered person has filed a request for an expedited appeal under G.S. 58-50-61(l).

(2) An appeal decision under G.S. 58-50-61(k) or (l) upholding a noncertification if:

a. The noncertification appeal decision involves a medical condition of the covered person for which the time frame for completion of an expedited second-level grievance review of a noncertification set forth in G.S. 58-50-62(i) would reasonably be expected to seriously jeopardize the life or health of the covered person or jeopardize the covered person's ability to regain maximum function; and

b. The covered person has filed a request for an expedited second-level review of a noncertification as set forth in G.S. 58-50-61(i); or

(3) A second-level grievance review decision under G.S. 58-60-62(h) or (i) upholding a noncertification:

a. If the covered person has a medical condition where the time frame for completion of a standard external review under G.S. 58-50-80 would reasonably be expected to seriously jeopardize the life or health of the covered person or jeopardize the covered person's ability to regain maximum function; or

b. If the second-level grievance concerns a noncertification of an admission, availability of care, continued stay, or health care service for which the covered person received emergency services, but has not been discharged from a facility.

(b) Within three days of receiving a request for an expedited external review, the Commissioner shall complete all of the following:

(1) Notify the insurer that made the noncertification, noncertification appeal decision, or second-level grievance review decision which is the subject of the request that the request has been received and provide a copy of the request or verbally convey all of the information included in the request. The Commissioner shall also request any information from the insurer necessary to make the preliminary review set forth in G.S. 58-50-80(b)(2) and require the insurer to deliver the information not later than one day after the request was made.

(2) Determine whether the request is eligible for external review and, if it is eligible, determine whether it is eligible for expedited review.

a. For a request made pursuant to subdivision (a)(1) of this section that the Commissioner has determined meets the reviewability requirements set forth in G.S. 58-50-80(b)(2), determine, based on medical advice from a medical professional who is not affiliated with the organization that will be assigned to conduct the external review of the request, whether the request should be reviewed on an expedited basis because the time frame for completion of an expedited review under G.S. 58-50-61(1) would reasonably be expected to seriously jeopardize the life or health of the covered person or would jeopardize the covered person's ability to regain maximum function. The Commissioner shall then inform the covered person, the

covered person's provider who performed or requested the service, and the insurer whether the Commissioner has accepted the covered person's request for an expedited external review. If the Commissioner has accepted the covered person's request for an expedited external review, then the Commissioner shall, in accordance with G.S. 58-50-80, assign an organization to conduct the review within the appropriate time frame. If the Commissioner has not accepted the covered person's request for an expedited external review, then the covered person shall be informed by the Commissioner that the covered person must exhaust, at a minimum, the insurer's internal appeal process under G.S. 58-50-61(1) before making another request for an external review with the Commissioner.

b. For a request made pursuant to subdivision (a)(2) of this section that the Commissioner has determined meets the reviewability requirements set forth in G.S. 58-50-80(b)(2), the Commissioner shall determine, based on medical advice from a medical professional who is not affiliated with the organization that will be assigned to conduct the external review of the request, whether the request should be reviewed on an expedited basis because the time frame for completion of an expedited review under G.S. 58-50-62 would reasonably be expected to seriously jeopardize the life or health of the covered person or would jeopardize the covered person's ability to regain maximum function. The Commissioner shall then inform the covered person, the covered person's provider who performed or requested the service, and the insurer whether the Commissioner has accepted the covered person's request for an expedited external review. If the Commissioner has accepted the covered person's request for an expedited external review, then the Commissioner shall, in accordance with G.S. 58-50-80, assign an organization to conduct the review within the appropriate time frame. If the Commissioner has not accepted the covered person's request for an expedited external review, then the covered person shall be informed by the Commissioner that the covered person must exhaust the insurer's internal grievance process under G.S. 58-50-62 before making another request for an external review with the Commissioner.

c. For a request made pursuant to sub-subdivision (a)(3)a. of this section that the Commissioner has determined meets the reviewability requirements set forth in G.S. 58-50-80(b)(2), the Commissioner shall determine, based on medical advice from a medical professional who is not affiliated with the organization that will be assigned to conduct the external review of the request, whether the request should be reviewed on an expedited basis because the time frame for completion of a standard external review under G.S. 58-50-80 would reasonably be expected to seriously jeopardize the life or health of the covered person or would jeopardize the covered person's ability to regain maximum function. The Commissioner shall then inform the covered person, the covered person's provider who performed or requested the service, and the insurer whether the review will be conducted using an expedited or standard time frame and shall, in accordance with G.S. 58-50-80, assign an

organization to conduct the review within the appropriate time frame.

d. For a request made pursuant to sub-subdivision (a)(3)b. of this section, that the Commissioner has determined meets the reviewability requirements set forth in G.S. 58-50-80(b)(2), the Commissioner shall, in accordance with G.S. 58-50-80, assign an organization to conduct the expedited review and inform the covered person, the covered person's provider who performed or requested the service, and the insurer of its decision.

(c) As soon as possible, but within the same day of receiving notice under subdivision (b)(2) of this section that the request has been assigned to a review organization, the insurer or its designee utilization review organization shall provide or transmit all documents and information considered in making the noncertification appeal decision or the second-level grievance review decision to the assigned review organization electronically or by telephone or facsimile or any other available expeditious method.

(d) In addition to the documents and information provided or transmitted under subsection (c) of this section, the assigned organization, to the extent the information or documents are available, shall consider the following in reaching a decision:

(1) The covered person's pertinent medical records.
(2) The attending health care provider's recommendation.
(3) Consulting reports from appropriate health care providers and other documents submitted by the insurer, covered person, or the covered person's treating provider.
(4) The most appropriate practice guidelines that are based on sound clinical evidence and that are periodically evaluated to assure ongoing efficacy.
(5) Any applicable clinical review criteria developed and used by the insurer or its designee utilization review organization in making noncertification decisions.
(6) Medical necessity, as defined in G.S. 58-3-200(b).
(7) Any documentation supporting the medical necessity and appropriateness of the provider's recommendation.

The assigned organization shall review the terms of coverage under the covered person's health benefit plan to ensure that the organization's decision shall not be contrary to the terms of coverage under the covered person's health benefit plan.

The assigned organization's determination shall be based on the covered person's medical condition at the time of the initial noncertification decision.

(e) As expeditiously as the covered person's medical condition or circumstances require, but not more than four days after the date of receipt of the request for an expedited external review, the assigned organization shall make a decision to uphold or reverse the noncertification, noncertification appeal decision, or second-level grievance review decision and notify the covered person, the covered person's provider who performed or requested the service, the insurer, and the Commissioner of the decision. In reaching a decision, the assigned organization is not bound by any decisions or conclusions reached during the insurer's utilization review process or internal grievance process under G.S. 58-50-61 and G.S. 58-50-62.

(f) If the notice provided under subsection (e) of this section was not in writing, within two days after the date of providing that notice, the assigned organization shall provide written confirmation of the decision to the covered person, the covered person's provider who performed or requested the service, the insurer, and the Commissioner and include the information set forth in G.S. 58-50-80(m). Upon receipt of the notice of a decision under subsection (e) of this section that reverses the noncertification, noncertification appeal decision, or second-level grievance review decision, the insurer shall within one day reverse the noncertification, noncertification appeal decision, or

second-level grievance review decision that was the subject of the review and shall provide coverage or payment for the requested health care service or supply that was the subject of the noncertification, noncertification appeal decision, or second-level grievance review decision.

(g) An expedited external review shall not be provided for retrospective noncertifications.

"**§ 58-50-83:** Reserved.

"**§ 58-50-84. Binding nature of external review decision.**

(a) An external review decision is binding on the insurer.

(b) An external review decision is binding on the covered person except to the extent the covered person has other remedies available under applicable federal or State law.

(c) A covered person may not file a subsequent request for external review involving the same noncertification appeal decision or second-level grievance review decision for which the covered person has already received an external review decision under this Part.

"**§ 58-50-85. Approval of independent review organizations.**

(a) The Commissioner shall approve independent review organizations eligible to be assigned to conduct external reviews under this Part to ensure that an organization satisfies the minimum qualifications established under G.S. 58-50-87. The Commissioner shall develop an application form for initially approving and for reapproving organizations to conduct external reviews.

(b) Any organization wishing to be approved to conduct external reviews under this Part shall submit the application form and include with the form all documentation and information necessary for the Commissioner to determine if the organization satisfies the minimum qualifications established under G.S. 58-50-87. Applicants must submit pricing information sufficient to demonstrate that if selected, the applicant's total fee per review will not exceed commercially reasonable fees charged for similar services in the industry. The Commissioner shall not approve any independent review organization that either fails to provide sufficient pricing information or has fees that do not meet the guidelines established under this subsection.

(c) The Commissioner may determine that accreditation by a nationally recognized private accrediting entity with established and maintained standards for independent review organizations that meet the minimum qualifications established under G.S. 58-50-87 will cause an independent review organization to be deemed to have met, in whole or in part, the requirements of this section and G.S. 58-50-87. A decision by the Commissioner to recognize an accreditation program for the purpose of granting deemed status may be made only after reviewing the accreditation standards and program information submitted by the accrediting body. An independent review organization seeking deemed status due to its accreditation shall submit original documentation issued by the accrediting body to demonstrate its accreditation.

(d) An approval is effective for two years, unless the Commissioner determines before expiration of the approval that the independent review organization is not satisfying the minimum qualifications established under G.S. 58-50-87.

(e) Whenever the Commissioner determines that an independent review organization no longer satisfies the minimum requirements established under G.S. 58-50-87, the Commissioner shall terminate the approval of the independent review organization.

(e) In determining whether an independent review organization or a clinical peer reviewer of the independent review organization has a material professional, familial, or financial conflict of interest for purposes of subsection (d) of this section, the Commissioner shall take into consideration situations where the independent review organization to be assigned to conduct an external review of a specified case or a clinical peer reviewer to be assigned by the independent review organization to conduct an external review of a specified case may have an apparent professional, familial, or financial relationship or connection with a person described in subsection (d) of this section, but that the characteristics of that relationship or connection are such that they are not a material professional, familial, or financial conflict of interest that results in the disapproval of the independent review organization or the clinical peer reviewer from conducting the external review.

"**§ 58-50-88:** Reserved.

"**§ 58-50-89. Hold harmless for Commissioner and independent review organizations.**

The Commissioner or an independent review organization or clinical peer reviewer working on behalf of an organization shall not be liable for damages to any person for any opinions rendered during or upon completion of an external review conducted under this Part, unless the opinion was rendered in bad faith or involved gross negligence.

(c) The report shall include in the aggregate and for each insurer:

(4) A summary of the types of coverages or cases for which an external review was sought, as provided in the format required by the Commissioner.

(5) The number of external reviews under G.S. 58-50-80 that were terminated as the result of a reconsideration by the insurer of its noncertification appeal decision or second-level grievance review decision after the receipt of additional information from the covered person.

(6) Any other information the Commissioner may request or require.

(d) The organization shall retain the written records required under this section for at least three years.

(e) Each insurer shall maintain written records in the aggregate and for each type of health benefit plan offered by the insurer on all requests for external review of which the insurer receives notice from the Commissioner under this Part. The insurer shall retain the written records required under this section for at least three years.

"**§ 58-50-91:** Reserved.

"**§ 58-50-92. Funding of external review.**

The insurer against which a request for a standard external review or an expedited external review is filed shall reimburse the Department of Insurance for the fees charged by the organization in conducting the external review, including work actually performed by the organization for a case that was terminated due to the insurer's decision to reconsider a request and reverse its noncertification decision, prior to the insurer notifying the organization of the reversal pursuant to G.S. 58-50-80(j), or when a review is terminated pursuant to G.S. 58-50-80(h) because the insurer failed to provide information to the review organization.

"**§ 58-50-93. Disclosure requirements.**

(a) Each insurer shall include a description of the external review procedures in or attached to the policy, certificate, membership booklet, outline of coverage, or other evidence of coverage it provides to covered persons.

The statement shall include the telephone number and address of the Commissioner.

(c) In addition to subsection (b) of this section, the statement shall inform the covered person that, when filing a request for an external review, the covered person will be required to authorize the release of any medical records of the covered person that may be required to be reviewed for the purpose of reaching a decision on the external review.

"**§ 58-50-94. Selection of independent review organizations.**

(a) At least every two years, or more frequently if the Commissioner determines is needed to secure adequate selection of independent review organizations, the Commissioner shall prepare and publish requests for proposals from independent review organizations that want to be approved under G.S. 58-50-85. All proposals shall be sealed. The Commissioner shall open all proposals in public.

(b) After the public opening, the Commissioner shall review the proposals, examining the costs and quality of the services offered by the independent review organizations, the reputation and capabilities of the independent review organizations submitting the proposals, and the provisions in G.S. 58-50-85 and G.S. 58-50-87. The Commissioner shall determine which proposal or proposals would satisfy the provisions of this Part. The Commissioner shall make his determination in consultation with an

evaluation committee whose membership includes representatives of insurers subject to Part 4 of Article 50 of Chapter 58 of the General Statutes, health care providers, and insureds. In selecting the review organizations, in addition to considering cost, quality, and adherence to the requirements of the request for proposals, the Commissioner shall consider the desirability and feasibility of contracting with multiple review organizations and shall ensure that, for any given type of case involving highly specialized services and treatments, at least one review organization is available and capable of reviewing the case.

(c) An independent review organization may seek to modify or withdraw a proposal only after the public opening and only on the basis that the proposal contains an unintentional clerical error as opposed to an error in judgment. An independent review organization seeking to modify or withdraw a proposal shall submit to the Commissioner a written request, with facts and evidence in support of its position, before the determination made by the Commissioner under subsection (b) of this section, but not later than two days after the public opening of the proposals. The Commissioner shall promptly review the request, examine the nature of the error, and determine whether to permit or deny the request.

(d) The provisions of Article 3C of Chapter 143 of the General Statutes do not apply to this Part.

"**§ 58-50-95. Report by Commissioner.**

The Commissioner shall report semiannually to the Joint Legislative Health Care Oversight Committee regarding the nature and appropriateness of reviews conducted under this Part. The report, which shall be provided to the public upon request, should include the number of reviews, underlying issues in dispute, character of the reviews, dollar amounts in question, whether the review was decided in favor of the covered person or the health benefit plan, the cost of review, and any other information relevant to the evaluation of the effectiveness of this Part."

SECTION 4.6. G.S. 58-50-62(h)(7) reads as rewritten:

"(7) A statement that the decision is the insurer's final determination in the matter. In cases where the review concerned a noncertification and the insurer's decision on the second-level grievance review is to uphold its initial noncertification, a statement advising the covered person of his or her right to request an external review and a description of the procedure for submitting a request for external review to the Commissioner of Insurance."

SECTION 4.6A. G.S. 143-64.24 reads as rewritten:

(a) Each managed care entity for a health benefit plan has the duty to exercise ordinary care when making health care decisions and is liable for damages for harm to an insured or enrollee proximately caused by its failure to exercise ordinary care.

(b) In addition to the duty imposed under subsection (a) of this section, each managed care entity for a health benefit plan is liable for damages for harm to an

insured or enrollee proximately caused by decisions regarding whether or when the insured or enrollee would receive a health care service made by:

(1) Its agents or employees; or

(e) An action brought under this Article is not a medical malpractice action as defined in Article 1B of this Chapter. A managed care entity may not use as a defense in an action brought under this Article any law that prohibits the corporate practice of medicine.

(f) A managed care entity shall not be liable for the independent actions of a health care provider, who is not an agent or employee of the managed care entity, when that health care provider fails to exercise the standard of care required by G.S. 90-21.12. A health care provider shall not be liable for the independent actions of a managed care entity when the managed care entity fails to exercise the standard of care required by this Article.

(h) A managed care entity shall not enter into a contract with a health care provider, or with an employer or employer group organization, that includes an indemnification or hold harmless clause for the acts or conduct of the managed care entity. (b) Liability in tort of the Teachers' and State Employees' Comprehensive Major Medical Plan for its health care decisions shall be under Article 31 of Chapter 143 of the General Statutes.

(c) This Article does not create any liability on the part of a physician or health care provider in addition to that otherwise imposed under existing law. No managed care entity held liable under this Article shall be entitled to contribution under Chapter 1B of the General Statutes. No managed care entity held liable under this Article shall

have a right to indemnity against physicians, health care providers, or entities wholly owned by physicians or health care providers or any combination thereof, except when:

(1) The liability of the managed care entity is based on a decision to approve or disapprove payment or reimbursement for a health care service and the physicians, health care providers, or entities wholly owned by physicians or health care providers or any combination thereof, have agreed in a written contract with the managed care entity to assume responsibility for these specific decisions; and

(2) The managed care entity has not controlled or influenced or advocated for the decision regarding whether or when payment or reimbursement should be made or whether or when the insured or enrollee should receive a health care service.

(b) Any information, documents, or other records or materials considered by the Independent Review Organization licensed under Part 4 of Article 50 of Chapter 58 of the General Statutes, or the successor review process, in conducting its review shall be admissible in any action commenced under this Article in accordance with Chapter 8 of the General Statutes and the North Carolina Rules of Evidence.

"**§ 90-21.56. Remedies.**

(a) Except as provided in G.S. 90-21.52(b), an insured or enrollee who has been found to have been harmed by the managed care entity pursuant to an action brought under this Article may recover actual or nominal damages and, subject to the provisions and limitations of Chapter 1D of the General Statutes, punitive damages.

(b) This Article does not limit a plaintiff from pursuing any other remedy existing under the law or seeking any other relief that may be available outside of the cause of action and relief provided under this Article.

(c) The rights conferred under this Article as well as any rights conferred by the Constitution of North Carolina or the Constitution of the United States may not be waived, deferred, or lost pursuant to any contract between the insured or enrollee and the managed care entity that relates to a dispute involving a health care decision. Arbitration or mediation may be used to settle the controversy if, after the controversy arises, the insured or enrollee, or the estate of the insured or enrollee, voluntarily and knowingly consents in writing to use arbitration or mediation to settle the controversy."
