1 A BILL TO BE ENTITLED
2 AN ACT TO ESTABLISH A STUDENT PROTECTION FUND FOR PROPRIETARY
3 SCHOOL STUDENTS.

4 The General Assembly of North Carolina enacts:

5 **SECTION 1.** G.S. 115D-93(c) is amended by adding two subdivisions to read:

6 "(10) That the applicant for or a holder of a license has failed to provide a required
7 bond or bond alternative.

8 "(11) That the applicant for or holder of a license has failed to pay assessments
9 into the Student Protection Fund."

10 **SECTION 2.** G.S. 115D-95 reads as rewritten:

11 "**§ 115D-95. Bonds required.**

12 (a) Requirement. – An applicant for a license must comply with the bond requirements
13 in this section. The bond covers the potential loss by students of the school of prepaid tuition
14 and other payments made by them to a school licensed under this Article by reason of the
15 school ceasing to operate for any reason, including the suspension, revocation, or nonrenewal
16 of a school's license, bankruptcy, or foreclosure. A guaranty bond is required for each school
17 that is licensed to operate: Provided, however, a school that is unable to secure a bond may,
18 with the consent of the State Board of Community Colleges, provide an alternative to a
19 guaranty bond, as provided in subsection (c) of this section.

20 The State Board may revoke the license of a school that fails to maintain a bond or an
21 alternative to a bond, pursuant to this section.

22 (b) Amount. – An applicant for a license must file a bond with the North Carolina State
23 Board of Community Colleges executed by the applicant as a principal and by a bonding
24 company authorized to do business in this State. The bond must be payable to the State Board
25 of Community Colleges, must be conditioned on fulfillment of the school's obligations, and
26 must remain in effect until cancelled by the bonding company. The bonding company may
27 cancel the bond upon 30 days' notice to the State Board of Community Colleges.

28 The application must set out calculations made by the applicant to determine the amount of
29 bond required with the application. The required amount is determined as follows:

30 (1) Initial licensure. – For an applicant for initial licensure of a school, the bond
31 amount is the amount determined by the State Board that is adequate to
32 provide indemnification to any student, or the student's parent or guardian
33 who has suffered a loss of tuition, fees, or any other instructional-related

1 expenses paid to the school. A bond amount shall be at least twenty-five
2 thousand dollars (\$25,000).

3 (2) First four renewals. – For a school that has been licensed for one year but
4 less than six years, the bond shall be in an amount equal to the greatest
5 amount of unearned paid tuition in the school's possession at anytime during
6 the prior fiscal year. The bond amount shall be evaluated by the school
7 quarterly and reported to the State Board or its representative. A quarterly
8 evaluation requiring an increase of five percent (5%) or more in the amount
9 of the bond held by the school shall require an immediate increase in the
10 bond amount. Bond amounts also shall be evaluated pursuant to this
11 subdivision and the rules of the State Board at the time of the school's annual
12 license renewal and increased if necessary regardless of the amount of the
13 change.

14 (3) Schools in operation more than five years. – A guaranty bond shall be
15 required for license renewal for a school that has been continuously licensed
16 to operate for more than five years in the State, as follows:

17 a. If the balance of the Student Protection Fund in G.S. 115D-95.1 is
18 below the catastrophic loss amount, the school shall file a guaranty
19 bond in an amount equal to the maximum amount of prepaid tuition
20 held by the school during the prior fiscal year multiplied by the
21 percentage amount the fund is deficient.

22 b. If the school held prepaid tuition in excess of the Student Protection
23 Fund catastrophic loss amount during the prior fiscal year, in
24 addition to any bond amount required by sub-subdivision a. of this
25 subdivision, the school shall file a guaranty bond for the difference
26 between the prepaid tuition amount held in the previous fiscal year
27 and the Fund catastrophic loss amount.

28 (1) ~~When application is made for a license or license renewal, the applicant shall~~
29 ~~file a guaranty bond with the clerk of the superior court of the county in~~
30 ~~which the school will be located. The bond shall be in favor of the students.~~
31 ~~The bond shall be executed by the applicant as principal and by a bonding~~
32 ~~company authorized to do business in this State. The bond shall be~~
33 ~~conditioned to provide indemnification to any student, or his parent or~~
34 ~~guardian, who has suffered a loss of tuition or any fees by reason of the~~
35 ~~failure of the school to offer or complete student instruction, academic~~
36 ~~services, or other goods and services related to course enrollment for any~~
37 ~~reason, including the suspension, revocation, or nonrenewal of a school's~~
38 ~~license, bankruptcy, foreclosure, or the school ceasing to operate.~~

39 (2) ~~The bond shall be in an amount determined by the State Board of~~
40 ~~Community Colleges to be adequate to provide indemnification to any~~
41 ~~student, or his parent or guardian, under the terms of the bond. The bond~~
42 ~~amount for a school shall be at least equal to the maximum amount of~~
43 ~~prepaid tuition held at any time during the last fiscal year by the school. The~~
44 ~~bond amount shall also be at least ten thousand dollars (\$10,000).~~

45 ~~Each application for a license shall include a letter signed by an~~
46 ~~authorized representative of the school showing in detail the calculations~~
47 ~~made and the method of computing the amount of the bond, pursuant to this~~
48 ~~subdivision and the rules of the State Board. If the State Board finds that the~~
49 ~~calculations made and the method of computing the amount of the bond are~~
50 ~~inaccurate or that the amount of the bond is otherwise inadequate to provide~~

1 indemnification under the terms of the bond, the State Board may require the
2 applicant to provide an additional bond.

3 (3) ~~The bond shall remain in force and effect until cancelled by the guarantor.
4 The guarantor may cancel the bond upon 30 days notice to the State Board
5 of Community Colleges. Cancellation of the bond shall not affect any
6 liability incurred or accrued prior to the termination of the notice period.~~

7 (c) An applicant that is unable to secure a bond may seek a waiver of the guaranty bond
8 from the State Board of Community Colleges and approval of one of the guaranty bond
9 alternatives set forth in this subsection. With the approval of the State Board, an applicant may
10 ~~file with the clerk of the superior court of the county in which the school will be located, obtain~~
11 in lieu of a bond:

12 (1) An assignment of a savings account in an amount equal to the bond required
13 (i) which is in a form acceptable to the State Board of Community Colleges;
14 (ii) which is executed by the applicant; and (iii) which is executed by a state
15 or federal savings and loan association, state bank, or national bank, that is
16 doing business in North Carolina and whose accounts are insured by a
17 federal depositors corporation; and (iv) for which access to the account in
18 favor of the State of North Carolina is subject to the same conditions as for a
19 bond in subsection (b) of this section.

20 (2) A certificate of deposit (i) which is executed by a state or federal savings and
21 loan association, state bank, or national bank, which is doing business in
22 North Carolina and whose accounts are insured by a federal depositors
23 corporation; and (ii) which is either payable to the State of North Carolina,
24 unrestrictedly endorsed to the State Board of Community Colleges; in the
25 case of a negotiable certificate of deposit, is unrestrictedly endorsed to the
26 State Board of Community Colleges; or in the case of a nonnegotiable
27 certificate of deposit, is assigned to the State Board of Community Colleges
28 in a form satisfactory to the State Board; and (iii) for which access to the
29 certificate of deposit in favor of the State of North Carolina is subject to the
30 same conditions as for a bond in subsection (b) of this section."

31 **SECTION 3.** G.S. 115D-96 reads as rewritten:
