10  
11 **PART I. DEPARTMENT OF TRANSPORTATION CHANGES**

12  
13 **DOT RESIDUE PROPERTY DISPOSAL**

14 **SECTION 1.(a)** G.S. 136-19 is amended by adding a new subsection to read:

15 "(j) Remainder properties acquired in connection with acquisition of right-of-way shall  
16 be disposed of as follows:

17 (1) The sale of all residues will be by public sale, except as hereinafter  
18 specified.

19 (2) Residue properties sold by public sale may be sold by sealed bid or by  
20 auction at the election of the Right of Way Branch. The sale of such  
21 properties must be advertised by at least one of the following methods:

22 a. Publication in a newspaper having general circulation in the county  
23 in which the property is situated.

24 b. On a Department of Transportation Web site.

25 c. By placement of a "For Sale" sign on the residue.

26 (3) After opening bids or closing of auction, upset bids may be considered. The  
27 high bid shall be presented to the Board of Transportation at its next regular  
28 meeting after the date of the sale for rejection or acceptance. The  
29 Department of Transportation may reject all bids if the Department does not  
30 consider the bids to be in accord with the appraised or fair market value as  
31 determined by the Department.

32 (4) Residue properties sold by public sale may also be sold by real estate  
33 brokers licensed in North Carolina at the election of the Chief Engineer. The  
34 highest offer to purchase shall be presented to the Board of Transportation at  
35 its next regular meeting after the acceptance of the offer to purchase. The

1 Department of Transportation may reject all offers to purchase if the  
2 Department does not consider them to be in accord with the appraised or fair  
3 market value as determined by the Department.

4 (5) Those residue properties located adjacent to controlled access projects that  
5 are landlocked may be sold to the adjoining property owner by negotiation  
6 rather than public sale for a consideration that is approved by the Division  
7 Right of Way Agent and the Right of Way Unit Manager.

8 (6) Residue properties may be sold to State agencies and institutions and other  
9 governmental units by negotiation rather than public sale and may be  
10 donated provided their future use is for public purposes.

11 (7) Residue acquired in connection with highway purposes may be used for the  
12 purpose of exchange with a public utility company in part or in full  
13 consideration for property to be acquired for highway purposes from the  
14 public utility company. Such exchanges shall be based on the appraised  
15 values of the surplus property and the property to be acquired for highway  
16 purposes. Residue property acquired in connection with right-of-way for a  
17 project may be used for the purpose of exchange in part or full consideration  
18 for right-of-way being acquired from another property owner on the project.  
19 Such exchanges shall be based on the appraised values of the residue  
20 property and the right-of-way to be acquired.

21 (8) Residues which have an area of one acre or less and a value of twenty-five  
22 thousand dollars (\$25,000) or less and the highest and best use is for  
23 assemblage with adjacent property may be sold without advertising by  
24 negotiations rather than public sale to an adjoining owner. The Division  
25 Right of Way Agent together with an area appraiser will determine the value  
26 of the residue. Factors such as the after value as indicated in the original  
27 appraisal, sales of similar properties, and sales of other residues, if any, in  
28 the area may be considered in determining the value. After a value has been  
29 established, the Division Right of Way Agent or their designee may  
30 negotiate with the adjoining owners concerning the disposal of each residue.  
31 The decision of the Division Right of Way Agent to accept and complete a  
32 sale is final.

33 (9) The Manager of Right of Way shall dispose of residues with values of less  
34 than five thousand dollars (\$5,000), as determined in accordance with  
35 subdivision (8) of this subsection, by executing and delivering on behalf of  
36 the Department of Transportation a quitclaim deed to the buyers of such  
37 residues after the transactions are first approved by the Board of  
38 Transportation. Conveyances of residues with values of less than five  
39 thousand dollars (\$5,000) shall not require the approval of the Governor and  
40 Council of State.

41 (10) Residue properties or portions of residue properties acquired in connection  
42 with right-of-way for a project and located outside the right-of-way for that  
43 project may be sold by negotiation rather than by public sale to property  
44 owners and tenants who are displaced by the project for relocation of the  
45 displacee. Such sales shall be based upon the appraised value of the residue  
46 properties.

47 (11) Except as noted in this subsection, all sales of surplus lands, including, but  
48 not limited to, surplus rights-of-way, residues, and uneconomic remnants,  
49 require the approval of the Board of Transportation."
