EVERY WEEK COUNTS DEMONSTRATION PROJECT

SECTION 11E.5. Section 11E.12 of S.L. 2017-57 reads as rewritten:

"SECTION 11E.12.(a) The General Assembly finds that preterm birth is the major driver of infant mortality in the United States and the leading cause of long-term neurological disabilities in children. It further finds that the counties in North Carolina with the highest infant mortality rates are multiply burdened by high rates of preterm birth and high rates of poverty and also tend to be counties that are also disproportionately composed of racial minorities. It is the intent of the General Assembly to reduce the incidence of preterm birth and infant mortality by funding and supporting for a period of at least three years a demonstration project in two counties

of Perinatal Care Region V of North Carolina to study (i) the extent to which a home-based prenatal care model can reduce the rate of preterm birth among multiparous women and (ii) whether multiparous women without a prior preterm birth, but with multiple risk factors for preterm birth in the current pregnancy, may benefit from 17 Alpha-Hydroxyprogesterone Caproate (17P) therapy.

"SECTION 11E.12.(b) To that end, funds in the amount of ~~two million two hundred thousand dollars (\$2,200,000)~~three million dollars (\$3,000,000) in nonrecurring funds from the federal Maternal and Child Health Block Grant funds referenced in Section 11L.1 of this act shall be allocated to the Department of Health and Human Services, Division of Public Health, for the ~~2017-2018 fiscal year and for the 2018-2019 fiscal year~~year. The Department of Health and Human Services, Division of Public Health, shall allocate these funds to the University of North Carolina at Pembroke to initiate the three-year demonstration project authorized by this section. Upon initiation of the pilot program, the University of North Carolina at Pembroke shall secure an additional sum of three million dollars (\$3,000,000) from the University of North Carolina at Chapel Hill to continue this demonstration project through the third year. Up to two million dollars (\$2,000,000) of the three million dollars (\$3,000,000) to be secured by the University of North Carolina at Pembroke may be raised by the University of North Carolina School of Medicine from non-State, private sources. The University of North Carolina at Pembroke shall use all of these funds to ~~conduct~~conduct, in collaboration with the University of North Carolina School of Medicine, a three-year demonstration project in Robeson and Columbus counties to do the following:

- (1) Investigate the effectiveness of in-home prenatal care for the prevention of preterm birth among multiparous women of low income.
- (2) Conduct a nested randomized controlled trial of 17P for preterm birth prevention among women without a prior preterm birth, but with a significant constellation of risk factors that increases their likelihood of having a preterm birth in the current pregnancy.

Multiparous women at or below one hundred eighty-five percent (185%) of the federal poverty level and primiparous women at or below two hundred percent (200%) of the federal poverty level, who are in the early stages of pregnancy, ideally prior to 17 weeks gestation, are eligible to participate in the demonstration project regardless of age or medical history. Faculty at the University of North Carolina at ~~Chapel Hill~~Pembroke and the University of North Carolina School of Medicine shall supervise the demonstration project.

"SECTION 11E.12.(c) The demonstration project shall consist of at least all of the following components:

- (1) An Every Week Counts enrollment visit that includes an early ultrasound assessment and a complete medical examination to ascertain baseline health characteristics, presence of reproductive tract infections, and other risk factors for preterm birth including reproductive history and other relevant factors. The enrollment visit shall also include a detailed interview to ascertain the social and psychological state of the program participant.
- (2) Women enrolled in Every Week Counts shall receive home visits during pregnancy that combine a home-based prenatal care model with social interventions focused on addressing barriers to completing educational goals, obtaining employment, identifying reliable and high-quality child care, and addressing the health and safety needs of the growing family.
- (3) Women enrolled in Every Week Counts shall receive home visits during the first two years of their child's life. Program participants and their infants will be followed until the child's second birthday. In these monthly visits, the child's health, growth, and development will be tracked; the mother will be provided with information on nutritional, health, and developmental needs;

and children in need of Early Intervention Services will be identified to ensure school readiness. Primary health care in addition to targeted education in early childhood development and health needs will be provided to participants in a home setting. In order to track the development of these children, standardized tests will be administered periodically to assess cognitive, psychomotor, and behavioral development.

- (4) There shall be a randomized clinical trial of 17P within Every Week Counts in a population of women enriched for preterm birth susceptibility. Eligible women that choose to enroll in this intervention trial will be randomized to a weekly 17P injection after 16-20 weeks' gestation or a sham injection. Women who choose to participate in the 17P intervention trial will be co-enrolled in Every Week Counts and will receive all the same home-based prenatal care and child development services, but will receive weekly visits from the Nurse Practitioner after 16-20 weeks' gestation in order to deliver the 17P intramuscular injection.

"SECTION 11E.12.(d) Not later than six months after the conclusion of the demonstration project, the University of North Carolina at Chapel Hill shall submit a final report on the demonstration project to the Department that addresses at least all of the following:

- (1) For the Every Week Counts part of the demonstration project:
 - a. Percent preterm and low birth weight relative to overall county statistics in current and prior years using vital statistics data, within categories of race/ethnicity and parity.
 - b. Percent initiating breastfeeding at delivery and the average duration of breastfeeding.
 - c. Percent reporting active smoking at the time of delivery.
 - d. Uptake of contraception postpartum.
 - e. Average length of interpregnancy interval.
 - f. Percent of children meeting developmental milestones in the first year.
 - g. Number of emergency room visits related to child health in the first two years.
- (2) For the 17P Intervention Trial, relative risk of preterm birth in treated versus untreated program participants.

"SECTION 11E.12.(e) Not later than three months after the Department receives the report due under subsection (d) of this section, the Department shall submit a final report to the Joint Legislative Oversight Committee on Health and Human Services and the Fiscal Research Division evaluating the demonstration project. At a minimum, the report shall include all of the following:

- (1) An estimate of the cost to expand the program incrementally and statewide.
- (2) An estimate of any potential savings of State funds associated with expansion of the program.
- (3) If expansion of the program is recommended, a time line for expanding the program.

"SECTION 11E.12.(f) The demonstration project authorized under this section shall terminate upon the submission of the report due under subsection (d) of this section by the University of North Carolina at Chapel Hill."

ESTABLISH RANGES FOR LME/MCO SOLVENCY

SECTION 11F.10.(a) The General Assembly finds that a viable State-funded behavioral health system is critical to accomplishing the State's goals for behavioral health, meeting the needs of the covered populations, and achieving the desired outcomes detailed in the Department of Health and Human Services' Strategic Plan for Improvement of Behavioral Health Services. Integral to assessing the State's behavioral health system is the development of a method to determine the viability of local management entities/managed care organizations (LME/MCOs) and the establishment of short-term and intermediate term solvency standards that provide a uniform analysis of each LME/MCO's financial position, provide a mechanism for ongoing assessment of each LME/MCO's viability, inform the State's funding decisions, and enhance short-term and intermediate term planning by the LME/MCOs.

SECTION 11F.10.(b) Part 2 of Article 4 of Chapter 122C of the General Statutes is amended by adding a new section to read:

"§ 122C-125.2. LME/MCO solvency ranges; formula; corrective action plan.

(a) Beginning on September 1, 2018, the Department shall calculate on a quarterly basis a solvency range for each LME/MCO as a sum of the following figures to produce upper and lower range values:

- (1) Incurred but not reported claims figure. – The incurred but not reported claims figure shall be calculated by multiplying an LME/MCO's service spending for the preceding 12 months by six and eight-tenths percent (6.8%). If an LME/MCO experiences extenuating circumstances supported by actuarial documentation, then the Department may utilize a percentage other than six and eight-tenths (6.8%) for that LME/MCO.
- (2) Net operating liabilities figure. – The net operating liabilities figure shall be calculated by subtracting noncash current accounts receivable from the nonclaims current liabilities, as reported on the LME/MCO's most recent balance sheet. If the noncash accounts receivable are greater than the nonclaim liabilities, then the value for the net operating liabilities figure is zero.
- (3) Catastrophic or extraordinary events range. – The catastrophic or extraordinary events range shall be calculated as the range between a lower figure and an upper figure. The lower figure shall be calculated by multiplying an LME/MCO's service expenditures from the preceding 12 months by four and fifteen-hundredths percent (4.15%). The upper figure shall be calculated by multiplying an LME/MCO's service expenditures from the preceding 12 months by eight and three-tenths percent (8.3%).

If a net profit is projected for an LME/MCO, then this figure is zero.
- (6) Reinvestment plan figure. – The reinvestment plan figure is the amount required for all qualifying expenditures contained in an LME/MCO's reinvestment plans over the subsequent 36 months. To qualify as an expenditure under this subdivision, the expenditure must be related to one of the following:

For purposes of this subsection, the cash balance shall consist of the total of the LME/MCO's cash and investment balances, including its Medicaid Risk Reserve, as reported on the LME/MCO's most recent balance sheet.

Upon comparison of an LME/MCO's cash balance to its solvency range, the Department shall take one of the following actions:

Within 30 days from providing notice to the LME/MCO, the Department shall develop, in collaboration with the LME/MCO, a corrective action plan for the LME/MCO. The corrective action plan must include specific actions, which may include changes to the LME/MCO's reinvestment plan, utilization management, and capitation or provider rates, to bring the LME/MCO's cash balance within the solvency range, as well as a time line for implementation of these actions.
- (2) If an LME/MCO's cash balance is neither five percent (5%) or more below the lower solvency range figure nor five percent (5%) or more above the upper solvency range figure, then the Department shall notify the LME/MCO and the Fiscal Research Division of the General Assembly of the LME/MCO's solvency range for the quarter and the Department's comparison of the LME/MCO's cash balance to this solvency range. No further action shall be required.

(c) Beginning on October 15, 2018, the Department shall submit a quarterly report to the Joint Legislative Oversight Committee on Medicaid and NC Health Choice, the Joint Legislative Oversight Committee on Health and Human Services, and the Fiscal Research Division detailing the solvency ranges and comparisons required under subsection (b) of this section for each LME/MCO. OYSTER MARKETING

SECTION 12.2. Of the funds appropriated by this act to the Department of Agriculture and Consumer Services for agricultural marketing, the sum of twenty-five thousand dollars (\$25,000) is allocated to the Seafood Marketing Office to create and implement a program for the promotion of North Carolina oysters, including branding, promotion, and outreach activities directed at consumers, restaurants, and food tourism providers. The Department shall coordinate its program with the oyster promotion activities described in Section 13.13(d) of S.L. 2017-57.

CARRY FORWARD FOOD MARKETING FUNDS

SECTION 12.3.(b) This section becomes effective June 30, 2018.

AGRICULTURAL DEVELOPMENT AND FARMLAND PRESERVATION TRUST FUND

SECTION 12.4. Funds appropriated by this act to the North Carolina Agricultural Development and Farmland Preservation Trust Fund shall be used by the Department of Agriculture and Consumer Services in a manner that maximizes eligibility of the Fund for additional funding from federal and local governments as well as private funding sources.

PART XIII. DEPARTMENT OF ENVIRONMENTAL QUALITY

WATER SAFETY

AUTHORIZE THE GOVERNOR, UNDER CERTAIN CIRCUMSTANCES, TO REQUIRE A FACILITY TO CEASE ALL OPERATIONS AND ACTIVITIES THAT RESULT IN THE PRODUCTION OF A POLLUTANT

SECTION 13.1.(a) Article 21 of Chapter 143 of the General Statutes is amended by adding a new section to read:

"§ 143-215.3E. Authority of Governor to require facility to cease operations and activities for unauthorized PFAS discharges.

(a) The Governor is authorized to require a facility to cease all operations and activities in the State that result in the production of a pollutant if all of the following circumstances exist:

- (1) The facility has a National Pollutant Discharge Elimination System (NPDES) permit.
- (2) The Department has determined that the facility has had unauthorized discharges of per- and poly-fluoroalkyl substances (PFAS) into the air, surface water, and groundwater and these discharges have resulted in an exceedance of a standard set by the Environmental Management Commission for groundwater, surface water, or air quality, or an exceedance of a health

advisory standard established by the United States Environmental Protection Agency for any chemical classified as a PFAS, and the facility has received more than one notice of violation from the Department within a two-year period for unauthorized discharges of such substances.

(3) The Department has been unable to stop all ongoing unauthorized discharges of such substances from the facility that result in the violation of a standard or health advisory standard within one year from the time the Department first learned of the unauthorized discharges.

(4) The Department has determined that the best available scientific data indicates that the ongoing unauthorized discharges present a danger to the public health.

(b) In determining whether to exercise the authority established under this section, the Governor may take into account remedial actions undertaken by the operator of the facility.

(c) If the Governor exercises the authority established under this subsection to require a facility to cease operations and activities, the Governor shall issue an order in writing to the operator accordingly, including findings of fact that demonstrate the criteria set forth in subdivisions (1) through (4) of subsection (a) of this section have been met, which order shall be delivered by registered or certified mail, or by any means authorized by G.S. 1A-1, Rule 4, to the facility's operator. An order to cease operations and activities issued pursuant to this subsection shall not become effective until 15 days after issuance of the order. A person to whom such order is issued may commence a contested case by filing a petition under G.S. 150B-23 within 30 days after receipt of notice of the order. If the person does not file a petition within the required time, the Governor's decision is final and is not subject to review.

(d) The authority established by this section shall be in addition to, and not exclusive of, other authority given to the Commission, the Secretary, and the Department under this Article to take enforcement action against a person for unauthorized discharges of PFAS into the air, surface water, and groundwater, including the authority granted under G.S. 143-215.6C to request that the Attorney General institute a civil action in the name of the State upon the relation of the Department for injunctive relief to restrain the violation or threatened violation and for such other and further relief in the premises as the court shall deem proper."

SECTION 13.1.(b) Subsection (a) of this section expires December 31, 2020.

REQUIRE ESTABLISHMENT OF PERMANENT REPLACEMENT WATER SUPPLIES FOR AFFECTED PARTIES WITH DRINKING WATER WELLS CONTAMINATED BY PER- AND POLY-FLUOROALKYL SUBSTANCES

SECTION 13.1.(c) Article 21 of Chapter 143 of the General Statutes is amended by adding a new section to read:

§ 143-215.2A. Relief for contaminated private drinking water wells.

(a) The Secretary shall, upon direction of the Governor, order any person who the Secretary finds responsible for the discharge of industrial waste that includes per- and poly-fluoroalkyl substances (PFAS), including the chemical known as "GenX" (CAS registry number 62037-80-3 or 13252-13-6), into the air, groundwater, surface water, or onto the land that results in contamination of a private drinking water well, as that term is defined in G.S. 87-85, to establish permanent replacement water supplies for affected parties. For purposes of this section, the terms (i) "contamination" means an exceedance of a standard established by the Environmental Management Commission for groundwater, surface water, or air quality, or an exceedance of a health advisory standard established by the United States Environmental Protection Agency, for any chemical classified as a PFAS, including GenX; and (ii) "affected party" means a household, business, school, or public building with a well contaminated with PFAS, including GenX, as a result of the discharge of industrial waste.

(b) If the Secretary orders a person responsible for the discharge of a PFAS, including GenX, that results in contamination of a private drinking water well to establish a permanent

replacement water supply for an affected party with such a well pursuant to subsection (a) of this section, preference shall be given to permanent replacement water supplies by connection to public water supplies; provided that (i) an affected party may elect to receive a filtration system in lieu of a connection to public water supplies and (ii) if the Department determines that connection to a public water supply to a particular affected party would be cost-prohibitive, the Department shall authorize provision of a permanent replacement water supply to that affected party through installation of a filtration system. For affected parties for which filtration systems are installed, the person responsible shall be liable for any periodic required maintenance of the filtration system. An order issued by the Secretary pursuant to subsection (a) of this section shall include a deadline by which the responsible person must establish the permanent replacement water supply for the affected party or parties subject to the order.

(c) An order issued by the Secretary pursuant to subsection (a) of this section shall be delivered by registered or certified mail, or by any means authorized by G.S. 1A-1, Rule 4, to the person ordered to establish the permanent replacement water supply and shall include detailed findings of fact and conclusions in support of the order. A person to whom such order is issued may commence a contested case by filing a petition under G.S. 150B-23 within 30 days after receipt of notice of the order. If the person does not file a petition within the required time, the Secretary's decision is final and is not subject to review.

(d) A person required to establish a permanent replacement water supply pursuant to this section shall be jointly and severally liable for all necessary costs associated with establishment of the permanent replacement water supply. The remedy under this section is in addition to those provided by existing statutory and common law. Nothing in this section shall limit or diminish any rights of contribution for costs incurred herein.

(e) Nothing in this section shall be construed to (i) require an eligible affected party to connect to a public water supply or receive a filtration system or (ii) obviate the need for other federal, State, and local permits and approvals.

(f) All State entities and local governments shall expedite any permits and approvals that may be required for the establishment of permanent replacement water supplies required pursuant to this section."

SECTION 13.1.(d) In order to ensure the expeditious establishment of alternative permanent water supplies for each affected party, in accordance with the requirements of G.S. 143-215.2A, the sum of two million dollars (\$2,000,000) of the funds appropriated in this act to the Division of Water Infrastructure of the Department of Environmental Quality is allocated to provide funding to local governments for necessary expenditures that local governments may incur as a result of activities to connect affected parties to public water supplies pursuant to an order issued under G.S. 143-215.2A. These funds shall be deposited into the PFAS Recovery Fund, which is established within the Department as a special fund. The Department may distribute funds to local governments solely for the purposes of planning, analysis, and surveying of waterline extensions for affected parties subject to an order issued pursuant to G.S. 143-215.2A. No later than 30 days after completion of a local government's activities to connect an affected party to a public water supply pursuant to G.S. 143-215.2A, the Secretary shall deliver a statement of all funds paid from the PFAS Recovery Fund to the local government and the costs expended by the local government for such activities. The Department shall report on activities conducted and funds expended pursuant to this section on a quarterly basis to the Environmental Review Commission, and the Fiscal Research Division, beginning September 1, 2018.

FUNDS TO THE CAPE FEAR PUBLIC UTILITY AUTHORITY FOR WATER QUALITY SAMPLING, AND TESTING OF TREATMENT TECHNIQUES, TO ADDRESS PER- AND POLY-FLUOROALKYL SUBSTANCES, INCLUDING GENX, AND OTHER CONTAMINANTS

SECTION 13.1.(e) Four hundred fifty thousand dollars (\$450,000) of the funds appropriated in this act to the Division of Water Infrastructure of the Department of Environmental Quality shall be used to provide a grant-in-aid to the Cape Fear Public Utility Authority to implement a program to:

- (1) Perform nontargeted sampling of finished drinking water from the Authority's Sweeney Water Treatment Plant and in its Aquifer Storage and Recovery Well (ASR) to identify levels of per- and poly-fluoroalkyl substances (PFAS), including the chemical known as "GenX" (CAS registry number 62037-80-3 or 13252-13-6), that may be included in the water.
- (2) After establishing the baseline pursuant to testing conducted pursuant to subdivision (1) of this subsection, the Authority shall test the effectiveness of ion exchange and activated carbon technologies for treatment of PFAS, including GenX. In so doing, the Authority shall (i) install temporary ion exchange and carbon treatment systems suitable to treat 500 gallons per minute (GPM) flow as a minimum capacity and modify existing piping from the Plant and ASR to connect to the temporary treatment systems; (ii) after installation of the temporary treatment systems, test the water treated weekly, before and after treatment by ion exchange and activated carbon, over a period of six weeks at increasing flow rates to determine the relative effectiveness of the two technologies at reducing PFAS, including GenX; and (iii) after determination of the most successful treatment technology at a high flow of 500 GPM, continue sampling water treated by the technology at two-week intervals thereafter.

The Authority shall submit an interim report on activities conducted pursuant to this section to the House Select Committee on North Carolina River Quality, the Senate Select Committee on North Carolina River Water Quality, the Fiscal Research Division, and the Environmental Review Commission no later than December 1, 2018, and a final report with sampling results and treatment data no later than June 1, 2019.

FUNDING TO ADDRESS PER- AND POLY-FLUOROALKYL SUBSTANCES, INCLUDING GENX/USE OF EXPERTISE AND TECHNOLOGY AVAILABLE IN INSTITUTIONS OF HIGHER EDUCATION LOCATED WITHIN THE STATE

SECTION 13.1.(f) The General Assembly finds that (i) per- and poly-fluoroalkyl substances (PFAS), including the chemical known as "GenX" (CAS registry number 62037-80-3 or 13252-13-6), are present in multiple watersheds in the State, and impair drinking water and (ii) these contaminants have been discovered largely through academic research not through systematic water quality monitoring programs operated by the Department of Environmental Quality or other State or federal agencies. The General Assembly finds that the profound, extensive, and nationally recognized faculty expertise, technology, and instrumentation existing within the Universities of North Carolina at Chapel Hill and Wilmington, North Carolina State University, North Carolina A&T State University, Duke University, and other public and private institutions of higher education located throughout the State should be maximally utilized to address the occurrence of PFAS, including GenX, in drinking water resources.

SECTION 13.1.(g) The North Carolina Policy Collaboratory at the University of North Carolina at Chapel Hill (Collaboratory) shall identify faculty expertise, technology, and instrumentation, including mass spectrometers, located within institutions of higher education in the State, including the Universities of North Carolina at Chapel Hill and Wilmington, North Carolina State University, North Carolina A&T State University, Duke University, and other public and private institutions, and coordinate these faculty and resources to conduct nontargeted analysis for PFAS, including GenX, at all public water supply surface water intakes and one public water supply well selected by each municipal water system that operates groundwater

wells for public drinking water supplies as identified by the Department of Environmental Quality, to establish a water quality baseline for all sampling sites. The Collaboratory, in consultation with the participating institutions of higher education, shall establish a protocol for the baseline testing required by this subsection, as well as a protocol for periodic retesting of the municipal intakes and additional public water supply wells. No later than December 1, 2019, Collaboratory shall report the results of such sampling by identifying chemical families detected at each intake to the Environmental Review Commission, the Department of Environmental Quality, the Department of Health and Human Services, and the United States Environmental Protection Agency.

SECTION 13.1.(h) Beginning October 1, 2018, the Collaboratory shall report no less than quarterly to the Environmental Review Commission, the Department of Environmental Quality, and the Department of Health and Human Services on all activities conducted pursuant to this section, including any findings and recommendations for any steps the Department of Environmental Quality, the Department of Health and Human Services, the General Assembly, or any other unit of government should take in order to address the impacts of PFAS, including GenX, on surface water and groundwater quality, as well as air quality in the State.

SECTION 13.1.(i) Five million thirteen thousand dollars (\$5,013,000) of the funds appropriated in this act for the 2018-2019 fiscal year to the Board of Governors of The University of North Carolina shall be allocated to the Collaboratory to manage and implement the requirements of this section, which shall include distribution to the Collaboratory and participating institutions of higher education (i) to cover costs incurred as a result of activities conducted pursuant to this section, (ii) for acquisition or modification of essential scientific instruments, or (iii) for payments of costs for sample collection and analysis, training or hiring of research staff and other personnel, method development activities, and data management, including dissemination of relevant data to stakeholders. No overhead shall be taken from these funds from the participating institutions that receive any portion of these funds. Funds appropriated by this section shall not revert but shall remain available for nonrecurring expenses.

SECTION 13.1.(j) The Collaboratory should pursue relevant public and private funding opportunities that may be available to address the impacts of PFAS, including GenX, on surface water and groundwater quality, as well as air quality, in order to leverage funds appropriated by this section, or any other funds provided to the Collaboratory, including the Challenge Grant authorized in Section 27.5 of S.L. 2016-94, as amended by Section 10.4(a) of S.L. 2017-57.

SECTION 13.1.(k) In the event that the United States Environmental Protection Agency no longer provides access to its analytical instrumentation at no cost to the State for water quality sampling analysis related to per- and poly-fluoroalkyl substances (PFAS), including the chemical known as "GenX" (CAS registry number 62037-80-3 or 13252-13-6), or if the Department of Environmental Quality determines that such analysis is not being performed in a sufficiently timely manner, the Collaboratory shall coordinate such analysis in the most cost-effective manner using relevant faculty expertise, technology, and instrumentation, including mass spectrometers, existing throughout institutions of higher education located throughout the State, until such time as the Department of Environmental Quality is able to perform such analysis with instrumentation acquired pursuant to subsection (q) of this section. The Collaboratory, in consultation with the Department and relevant experts across institutions of higher education in the State, including the Universities of North Carolina at Chapel Hill and Wilmington, North Carolina State University, North Carolina A&T State University, Duke University, and other public and private institutions, shall establish a protocol for delivery of such samples taken by the Department to the entity designated to perform analysis of the samples, chain of custody protocols, and other matters to ensure proper handling and processing of the samples, which protocols shall be subject to approval by the United States Environmental Protection Agency, if such approval is required pursuant to authority delegated from the United

States Environmental Protection Agency to the Department to administer federal environmental law.

SECTION 13.1.(l) The Collaboratory shall identify faculty expertise within institutions of higher education in the State, including the Universities of North Carolina at Chapel Hill and Wilmington, North Carolina State University, North Carolina A&T State University, Duke University, and other public and private institutions, and use technology and instrumentation existing throughout the institutions to conduct the following research (i) develop quantitative models to predict which private wells are most at risk of contamination from the discharge of PFAS, including GenX; (ii) test the performance of relevant technologies in removing such compounds; and (iii) study the air emissions and atmospheric deposition of PFAS, including GenX. In addition, Collaboratory may, using relevant faculty expertise, technology, and instrumentation existing throughout institutions identified, evaluate other research opportunities and conduct such research for improved water quality sampling and analyses techniques, data interpretation, and potential mitigation measures that may be necessary, with respect to the discharge of PFAS, including GenX.

(2) For aquatic weed control projects in waters of the State under Article 15 of Chapter 113A of the General Statutes. Funding for aquatic weed control projects is limited to ~~five hundred thousand dollars (\$500,000)~~ one million dollars (\$1,000,000) in each fiscal year.
...."

ACQUIRE PERMANENT DREDGING CAPACITY

SECTION 13.7.(a) The General Assembly finds that the maintenance of the State's shallow draft navigation channels in a manner that keeps those channels navigable and safe and minimizes their closure or degradation is a vital public purpose and a proper governmental function and that declines in federal funding and dredging activity have significantly and adversely impacted the ability of the federal government to maintain these channels in a timely manner. The resulting deterioration in these channels damages the significant portion of the economy of the State's coastal regions that is dependent on the use of the navigation channels by watercraft. Therefore, it is the policy of the State to support and, when necessary to meet the public purposes set forth in this subsection, to supplement federal maintenance of these navigation channels. For purposes of this section, "shallow draft navigation channel" shall have the definition set forth in G.S. 143-215.73F(e).

SECTION 13.7.(b) Notwithstanding subsection (b) of G.S. 143-215.73F, fifteen million dollars (\$15,000,000) from the Shallow Draft Navigation Channel Dredging and Aquatic Weed Fund shall be allocated to Dare County (Local Partner) to provide a forgivable loan to a private partner for the purchase of a shallow draft hopper dredge to be used under the direction of the Oregon Inlet Task Force in accordance with the work plan negotiated under subdivision (2) of subsection (e) of this section for maintenance of shallow draft navigation channels located throughout the State. For purposes of this section, Oregon Inlet Task Force refers to the advisory body initially appointed by the Dare County Commission at its January 22, 2013, meeting, as subsequently revised by the Commission. The Local Partner shall delegate by resolution any of its delegable duties under this section to the Task Force. The Task Force shall coordinate the use of the dredge funded by this section to ensure that dredging projects for all shallow draft navigation channels located in waters of the State are completed in an expeditious and timely manner.

SECTION 13.7.(c) The selection of a private partner shall be subject only to the requirements set forth in this subsection and shall be exempt from Articles 3 and 8 of Chapter 143 of the General Statutes. By August 1, 2018, the Local Partner shall issue a Request for Proposals (RFP) with required guidelines and eligibility criteria to private entities for the forgivable loan funded by this section. An eligible entity responding to the RFP shall submit to the Local Partner an application within 30 days in the manner and accompanied by such information as the Local Partner may require. The Local Partner shall select a private partner no later than 60 days after the deadline for submission of responses to the RFP.

SECTION 13.7.(d) The forgivable loan agreement between the Local Partner and the private entity receiving the loan (the Loan Parties) shall (i) be for a term of 10 years,

renewable for additional 5 year terms at the agreement of the Loan Parties, and (ii) include, at a minimum, the following:

- (1) The dredge for which funding is provided under this section shall be used primarily for maintenance of shallow draft navigation channels located in the State under the direction of the Task Force and based on the work plan as determined in the Memorandum of Agreement described in subdivision (e)(2) of this section.
- (2) To ensure that public funds are used only to carry out public purposes, the private entity shall provide, as service repayment on the forgivable loan, dredging of the State's shallow draft navigation channels at a cost-savings between the usual and customary rate for dredging services of this type (as determined by the Local Partner in consultation with the United States Army Corps of Engineers and the Department of Environmental Quality) and a lower rate specified for the dredging in the loan agreement. The agreement shall account for cost-savings that total fifteen million dollars (\$15,000,000) over the term of the agreement. The Local Partner shall annually forgive that portion of the loan and any interest accrued on the loan based on the provision of reduced cost dredging services.
- (3) At the option of the Loan Parties, the agreement may provide for use of the dredge to undertake supplemental dredging projects within the State at the usual and customary rate charged for such projects if the Local Partner determines that the dredge has capacity to undertake additional work. The Loan Parties shall prioritize supplemental dredging projects for local governments over supplemental dredging projects for private entities. Supplemental dredging projects authorized by this subdivision shall not be credited toward repayment of the forgivable loan under subdivision (2) of this subsection.
- (4) If the private entity does not provide cost-savings on dredging services at the State's shallow draft navigation channels in an amount equal to fifteen million dollars (\$15,000,000) over the term of the Agreement, the owner of the dredge shall repay the Local Partner within 90 days of the termination date of the Agreement in an amount equal to the remaining service repayment obligation plus any interest accrued on the remaining obligation. The Local Partner shall forward the funds repaid under this subdivision to the Office of State Budget and Management to be credited to the Shallow Draft Navigation Channel Dredging and Aquatic Weed Fund.

SECTION 13.7.(e) The Department of Environmental Quality, the Local Partner, and the private entity shall do all of the following:

- (1) Plan and allocate responsibilities for any permits, authorizations, or certifications necessary for operation of the dredge for the purposes described in this section. The Local Partner and the private entity shall structure ownership and operation of the dredge in a manner that allows work to be conducted to the maximum extent possible under general permits or through amendments to existing individual permits in order to minimize the expense and delay associated with permitting of dredge operations.
- (2) Upon request of the Local Partner, negotiate a Memorandum of Agreement or an amendment to the existing Memorandum of Agreement between the Department and the United States Army Corps of Engineers to incorporate in-kind contributions through the activities of the dredge acquired under this section into existing work plans for maintenance work on shallow draft navigation channels of the State.

SECTION 13.7.(f) The Local Partner shall perform all of the administrative functions necessary to implement this section, including implementing the forgivable loan agreement, loan monitoring, establishing service repayment conditions, including necessary documentation for the determination of the cost of dredging services, enforcing the agreement, and all other functions necessary for the execution and enforcement of the agreement.

SECTION 13.7.(g) The State shall incur no liability for and nothing in this section is intended to waive any sovereign immunity the State may have at common law for any damages or loss associated with the activities authorized by this section. Furthermore, nothing in this section is intended to waive or abrogate the Local Partner's immunity from civil liability in tort.

SECTION 13.7.(h) The Local Partner shall annually report no later than October 1 on dredging activities undertaken during the prior fiscal year to the Department of Environmental Quality, the Fiscal Research Division, and the Joint Legislative Oversight Committee on Agriculture and Natural and Economic Resources. The report shall also include detailed information about any default on the terms of the forgivable loan and resulting recoupment or repayment of the State's investment during the fiscal year. The reporting requirement imposed by this subsection shall expire upon the filing of the report covering the fiscal year in which the term of the forgivable loan agreement ends.

NUTRIENT MANAGEMENT REGULATORY FRAMEWORK REVISIONS

SECTION 13.8.(a) Subdivisions (1) and (2) of Section 14.13(c) of S.L. 2016-94 read as rewritten:

In preparing the report, the umpire shall not award damages that are higher or lower than the determinations of the appraisers. In no event shall appraisers or the umpire make any determination as to liability for damages or as to whether the policy provides coverage for claims asserted. If the report is not rejected within 15 days from the filing of the report, the report shall be binding upon both the claimant and the insurer. PART XXXVII. DEPARTMENT OF INFORMATION TECHNOLOGY

GROWING RURAL ECONOMIES WITH ACCESS TO TECHNOLOGY (GREAT) PROGRAM

SECTION 37.1.(a) The General Assembly finds that broadband service is an essential element to ensure economic opportunity in a twenty-first century global economy. Recognizing that the availability of terrestrially deployed broadband at connection speeds exceeding 10 megabits per second (Mbps) download and one Mbps upload (10:1) is vital for

enabling economic opportunity in our State, particularly in rural areas, the General Assembly hereby establishes the Growing Rural Economies with Access to Technology (GREAT) program to facilitate the deployment of broadband to unserved areas of the State. The purpose of this program is to encourage the deployment of broadband at the highest possible speeds throughout as much of the inhabitable geographic area of the State that is practical and feasible by the year 2030. The General Assembly believes that expanding access to currently unserved areas will have multiple benefits, including recruitment of new businesses and industries, strengthening e-commerce, growth of the home-based workforce, expanding educational opportunity, greater utilization of telehealth, increased energy efficiency by enabling the use of energy-saving smart devices, among many others.

The GREAT program is designed to significantly expedite the terrestrial deployment of broadband by encouraging partnerships and competition between private broadband providers and cooperatives to provide citizens with improved choices and greater value for broadband service and by reducing costs via allowing for the lease of State- or local government-owned properties or facilities for the purpose of locating or collocating broadband infrastructure.

The Federal Communications Commission current minimum level of broadband service speed for its Connect America Fund is 10:1 Mbps, and the Commission utilizes a benchmark of 25:3 to assess progress in broadband deployment for advanced telecommunications capability over time. It is the position of the General Assembly to not only have broadband service extended to areas where it presently does not exist but also to foster speeds exceeding 10:1 to help assure that as much of the inhabitable area of the State as possible is well-positioned with broadband service for the future. Therefore, the General Assembly encourages the deployment of speeds of 25:3 Mbps or greater.

SECTION 37.1.(b) Part 6 of Article 15 of Chapter 143B of the General Statutes is amended by adding a new section to read:

"§ 143B-1373. Growing Rural Economies with Access to Technology (GREAT) program.

(a) As used in this section, the following definitions apply:

- (1) Agriculture. – Activities defined in G.S. 106-581.1.
- (2) Broadband service. – For the purposes of this section, terrestrially deployed Internet access service with transmission speeds of at least 10 megabits per second (Mbps) download and at least one megabit per second upload (10:1).
- (3) Coastal Plain Region. – The portion of the State lying east of the eastern boundaries of Franklin, Lee, Moore, Wake, and Warren Counties.
- (4) Cooperative. – An electric membership corporation, organized pursuant to Article 2 of Chapter 117 of the General Statutes, or a telephone membership corporation, organized pursuant to Article 4 of Chapter 117 of the General Statutes.
- (5) Eligible economically distressed county. – A county designated as a development tier one area, as defined in G.S. 143B-473.08.
- (6) Eligible project. – An eligible project is a discrete and specific project located in an unserved area of an economically distressed county seeking to provide broadband service to homes, businesses, and community anchor points not currently served. Eligible projects do not include middle mile, backhaul, and other similar projects not directed at broadband service to end users.
- (7) Eligible recipient. – Eligible grant recipients are private providers of broadband services, including cooperatively organized entities, or any partnerships formed between cooperatively organized entities, private providers, or any combination thereof, on or after January 1, 2018.
- (8) Household. – A house, apartment, single room, or other group of rooms, if occupied or intended for occupancy as separate living quarters, and where the

occupants do not live with any other persons in the structure and there is direct access from the outside or through a common hall.

- (9) Infrastructure costs. – Costs directly related to the construction of broadband infrastructure for the extension of broadband service for an eligible project, including installation, acquiring or updating easements, equipment, fiber, construction, backhaul infrastructure, and testing costs. The term does not include overhead or administrative costs.
- (10) Mountain Region. – The portion of the State lying west of and including Alleghany, Burke, Caldwell, Rutherford, and Wilkes Counties.
- (11) Office. – The Broadband Infrastructure Office in the Department of Information Technology.
- (12) Piedmont Region. – The portion of the State lying west of and including Franklin, Lee, Moore, Richmond, Wake, and Warren Counties, to the eastern boundaries of Alleghany, Burke, Caldwell, Rutherford, and Wilkes Counties.
- (13) Secretary. – The Secretary of the Department of Information Technology.

Areas where a private provider has been designated to receive funds through other State or federally funded programs designed specifically for broadband deployment shall be considered served if such funding is intended to result in construction of broadband in the area within 18 months.

(b) The Growing Rural Economies with Access to Technology Fund is established as a special revenue fund in the Department of Information Technology. The Secretary may award grants from the Growing Rural Economies with Access to Technology Fund to eligible recipients for eligible projects. The funds shall be used by the recipient to pay for infrastructure costs associated with an eligible project. State funds appropriated to this Fund shall be considered an information technology project within the meaning of G.S. 143C-1-2.

(c) Project areas comprised of census blocks, or portions thereof, within which a broadband provider is receiving State or federal matching funds to deploy technologically neutral scalable broadband service within the next 18 months are ineligible for the GREAT program. It is essential for the Office to know the location of census blocks, or portions thereof, comprising these areas so it can determine project eligibility. A private provider receiving State or federal matching funds to deploy broadband service within such an area shall, within 60 days of the effective date of this section, submit only a listing of the census blocks, or portions thereof, comprising each of its federally funded project areas meeting this requirement and nothing more to the Office. In future program years, the cutoff date for submitting this census block data shall be May 15. This will enable the office to update maps and advise applicants as to the unserved areas of the State that are eligible for consideration in that program year. The Office shall only utilize this data to update maps of census blocks to reflect these census blocks, or portions thereof, as being served. Failure on the part of a provider to submit the listing of census blocks by the cutoff date shall result in those areas being eligible for inclusion under this program during the upcoming program year. The Office shall use the census block data provided only for mapping of unserved areas. Information provided to the Office pursuant to this subsection is not a public record, as that term is defined in G.S. 132-1.

(d) Applications for grants will be submitted at times designated by the Secretary and will include, at a minimum, the following information:

- (1) An attestation to the Office that the proposed project area is eligible.
- (2) The identity of the applicant and its qualifications and experience with deployment of broadband.
- (3) The total cost and duration of the project.

- (4) The amount to be funded by the applicant.
- (5) An illustration or description of the area to be served and the number of homes, businesses, community anchor points, agricultural operations, or agricultural processing facilities that will have access to broadband as a result of the project.
- (6) An assessment of the current level of broadband access in the proposed deployment area and the current level of service provided at the point from which broadband deployment will be made.
- (7) The proposed construction time line.
- (8) A description of the services to be provided, including the proposed upstream and downstream broadband speeds to be delivered and any applicable data caps, provided that any applicant proposing a data cap below 150 Gigabytes of usage per month shall provide justification to the satisfaction of the Office that the proposed cap is in the public interest and consistent with industry standards.
- (9) Any other information or supplementary documentation requested by the Office.
- (10) A plan to encourage users to connect that incorporates, at a minimum, community education forums, multimedia advertising, and marketing programs.
- (11) For the proposed area to be served, the infrastructure cost per household for the project.
- (12) Evidence of support for the project from citizens, local government, businesses, and institutions in the community.
- (13) The proposed advertised speed to be marketed to end users.
- (14) An explanation of the scalability of the broadband infrastructure to be deployed for higher broadband speeds in the future.

(e) Applications shall be made publicly available by posting on the Web site of the Department of Information Technology for a period of at least 30 days prior to award. During the 30-day period, any interested party may submit comments to the Secretary concerning any pending application. A provider of broadband services may submit a protest of any application on the grounds the proposed project covers an area that is not an eligible area under this section. Protests shall be submitted in writing, accompanied by all relevant supporting documentation, and shall be considered by the Office in connection with the review of the application. Protests based upon actual current connection speed in a proposed project area shall not be considered. For applications with filed protests, the Secretary shall issue a written decision to the protesting party at least 15 days prior to the approval of that application.

(f) The Office may consult with the Department of Commerce to determine if a broadband project proposed under this section will benefit a potential economic development project relevant to the proposed area outlined in the broadband project.

(g) Applications shall be scored based upon a system that awards a single point for criteria considered to be the minimum level for the provision of broadband service with additional points awarded to criteria that exceed minimum levels. The Office shall score project applications in accordance with the following:

- (1) Partnership. – Projects involving partnership or affiliation by a private provider with a nonprofit or not-for-profit, or a for-profit subsidiary of either that is required to enable certain partnership activities, or any combination thereof, shall be given five points in their application score where it is documented to the satisfaction of the Office that the partnership or affiliation will facilitate deployment and reduce cost per housing unit by utilizing the

resources, facilities, and infrastructure of the partner or where the nonprofit or not-for-profit partner provides only financial support.

- (2) Unserved households. – The Office shall give additional points to projects based upon the estimated number of unserved households within the eligible economically distressed county, as determined by the most recent data published by the Federal Communications Commission or any other information available to the Office. Points shall be given to projects that will be located in counties with estimated unserved households as follows:

<u>Unserved Households</u>	<u>Points Given</u>
<u>700 or less</u>	<u>1</u>
<u>700-1999</u>	<u>2</u>
<u>2000 and over</u>	<u>3</u>

- (3) Households to be served. – The Office shall give additional points to projects that will provide broadband service to unserved households within the eligible economically distressed county, as determined by the most recent data published by the Federal Communications Commission or any other information available to the Office. Points shall be given to projects that will serve unserved households within the project area as follows:

<u>Households To Be Served</u>	<u>Points Given</u>
<u>Under 150</u>	<u>1</u>
<u>150-249</u>	<u>2</u>
<u>250 and up</u>	<u>3</u>

- (4) Unserved businesses. – The Office shall give additional points to projects that will provide broadband service to unserved businesses located within the eligible economically distressed county, as determined by the most recent data published by the Federal Communications Commission or any other information available to the Office. Points shall be given to projects that serve unserved businesses within the project area as follows:

- a. Projects proposing to serve between 1 and 4 businesses shall receive 1 point.
- b. Projects proposing to serve between 5 and 10 businesses shall receive 2 points.
- c. Projects proposing to serve either (i) more than 10 businesses or (ii) an agricultural operation, agricultural processing facility, or a business with 31 or more full-time employees shall receive 3 points.

- (5) Cost per household. – The Office shall give additional points to projects that minimize the infrastructure cost of the proposed project per household, based upon information available to the Office. Points shall be given to projects based upon the estimated cost per household as follows:

a. For projects proposed in the Piedmont or Coastal Plain Regions:

<u>Est. Cost per Household</u>	<u>Partnership Using Infrastructure</u>	<u>Private Provider Only</u>
<u>Up to \$1,700</u>	<u>4</u>	<u>9</u>
<u>\$1,701-2,200</u>	<u>3</u>	<u>8</u>

b. For projects located in the Mountain Region:

<u>Est. Cost per Household</u>	<u>Partnership Using Infrastructure</u>	<u>Private Provider Only</u>
<u>Up to \$2,500</u>	<u>4</u>	<u>9</u>
<u>\$2,501-3,300</u>	<u>3</u>	<u>8</u>

- (6) Base speed multiplier. – Projects that will provide minimum download and minimum upload speeds shall have the aggregate points given under

subdivisions (1) through (5) of this subsection multiplied by a factor at the level indicated in the table below:

<u>Minimum Download:</u>	<u>Score Multiplier</u>
<u>Minimum Upload</u>	
<u>10:1 Mbps.</u>	<u>0.95</u>
<u>25:3 Mbps. or greater</u>	<u>1.35</u>

(h) The Office shall score applications based upon the metrics provided in subsection (g) of this section. In awarding grants based upon the scoring metrics, the Office shall also award an additional point to projects where a county has a Community Broadband Planning Playbook that meets the guidelines established by the Office.

(i) Applications receiving the highest score shall receive priority status for the awarding of grants pursuant this section. Applicants awarded grants pursuant to this section shall enter into an agreement with the Office. The agreement shall contain all of the elements outlined in subsection (d) of this section and any other provisions the Office may require. The agreement shall contain a provision governing the time line and minimum requirements and thresholds for disbursement of grant funds measured by the progress of the project. Grant funds shall be disbursed only upon verification by the Office that the terms of the agreement have been fulfilled according to the progress milestones contained in the agreement. At project completion, the grant recipient shall certify and provide to the Office evidence consistent with Federal Communications Commission attestation that the proposed minimum upstream and minimum downstream broadband speeds identified in the application guidelines, and for which a base speed multiplier was awarded pursuant to subdivision (6) of subsection (g) of this section, are available throughout the project area prior to any end user connections. A single grant award shall not exceed two million dollars (\$2,000,000). No more than one grant may be awarded per fiscal year for a project in any one eligible economically distressed county.

(j) Grant recipients are required to provide matching funds based upon the application scoring pursuant to this section in the following minimum amounts:

<u>Score</u>	<u>Matching Requirement</u>
<u>7.0 points or less</u>	<u>55%</u>
<u>Greater than 7.0, but less than 14.0 points</u>	<u>50%</u>
<u>Greater than 14.0, but less than 21.0 points</u>	<u>45%</u>
<u>21.0 points or greater</u>	<u>35%</u>

Up to fifty percent (50%) of matching funds paid by the grant recipient may be comprised of third-party funding and other grant programs. Universal Service Fund, Connect America Fund, or other grants awarded for broadband expansion through a separate State or federal program shall not be used for the required matching funds.

(k) The Office shall require that grant recipients offer the proposed advertised minimum download and minimum upload speeds identified in the project application for the duration of the five-year service agreement. At least annually, a grant recipient shall provide to the Office evidence consistent with Federal Communications Commission attestation that the grant recipient is making available the proposed advertised speed, or a faster speed, as contained in the grant agreement. For the duration of the agreement, grant recipients shall disclose any changes to data caps for the project area that differ from the data caps listed in the grant application to the Office.

(l) A grant recipient shall forfeit the amount of the grant received if it fails to perform, in material respect, the obligations established in the agreement. Grant recipients that fail to provide the minimum advertised connection speed for which a reduction in matching funds was applied shall forfeit that amount. A grant recipient that forfeits amounts disbursed under this section is liable for the amount disbursed plus interest at the rate established under G.S. 105-241.21, computed from the date of the disbursement. The number of subscribers that

subscribe to broadband services offered by the provider in the project area shall not be a measure of performance under the agreement for the purposes of this subsection.

(m) The Office of Broadband Infrastructure in the Department of Information Technology shall be the designated agency for receipt and disbursement of federal grant funds intended for the State for broadband expansion and shall seek available federal grant funds for that purpose. All federal grant funds received for the purpose of broadband expansion shall be disbursed in accordance with this section.

(n) Grant recipients shall submit to the Office an annual report for each funded project for the duration of the agreement. The report shall include a summary of the items contained in the grant agreement and level of attainment for each and shall also include (i) the number of households, businesses, agriculture operations, and community anchor points that have broadband access as a result of the project; (ii) the percentage of end users in the project area who have access to broadband service and actually subscribe to the broadband service; and (iii) the average monthly subscription cost for broadband service in the project area.

(o) The Department of Information Technology shall submit an annual report to the Joint Legislative Oversight Committee for Information Technology and the Fiscal Research Division on or before September 1. The report shall contain at least all of the following:

- (1) The number of grant projects applied for and the number of grant agreements entered into.
- (2) A time line for each grant agreement and the number of households, businesses, agriculture operations, and community anchor points expected to benefit from each agreement.
- (3) The amount of matching funds required for each agreement and the total amount of investment.
- (4) A summary of areas receiving grants that are now being provided broadband service and the advertised broadband speeds for those areas.
- (5) Any breaches of agreements, grant fund forfeitures, or subsequent reductions or refunds of matching funds.
- (6) Any recommendations for the grant program, including better sources and methods for improving outcomes and accountability."

SECTION 37.1.(c) G.S. 160A-272 reads as rewritten:

"§ 160A-272. Lease or rental of property.

(a) Any property owned by a city may be leased or rented for such terms and upon such conditions as the council may determine, but not for longer than 10 years (except as otherwise provided in subsection (b1) of this section) and only if the council determines that the property will not be needed by the city for the term of the lease. In determining the term of a proposed lease, periods that may be added to the original term by options to renew or extend shall be included.

(a1) Property may be rented or leased only pursuant to a resolution of the council authorizing the execution of the lease or rental agreement adopted at a regular council meeting upon 30 days' public notice. Notice shall be given by publication describing the property to be leased or rented, stating the annual rental or lease payments, and announcing the council's intent to authorize the lease or rental at its next regular meeting.

(b) No public notice as required by subsection (a1) of this section need be given for resolutions authorizing leases or rentals for terms of one year or less, and the council may delegate to the city manager or some other city administrative officer authority to lease or rent city property for terms of one year or less.

(b1) Leases for terms of more than 10 years shall be treated as a sale of property and may be executed by following any of the procedures authorized for sale of real property.

(c) Notwithstanding subsection (b1) of this section, the council may approve a lease without treating that lease as a sale of property for any of the following reasons:

- (1) For the siting and operation of a renewable energy facility, as that term is defined in G.S. 62-133.8(a)(7), for a term up to 25 years.
- (2) For the siting and operation of a tower, as that term is defined in G.S. 146-29.2(a)(7), for communication purposes for a term up to 25 years.
- (3) For the operation and use of components of a wired or wireless network, for a term up to 25 years; provided, however, that the lease is entered into with a private broadband provider or a cooperative in connection with a grant agreement pursuant to G.S. 143B-1373 and is for a discrete and specific project located in an unserved area of an economically distressed county seeking to provide broadband service to homes, businesses, and community anchor points not currently served.

(d) Notwithstanding subsection (a) of this section, any lease by a city of any duration for components of a wired or wireless network shall be entered into on a competitively neutral and nondiscriminatory basis and made available to similarly situated providers on comparable terms and conditions and shall not be used to subsidize the provision of competitive service."

SECTION 37.1.(d) G.S. 160A-272.1 reads as rewritten:

"§ 160A-272.1. Lease of utility or enterprise property.

Subject to this Article and G.S. 160A-321, a city-owned utility or public service enterprise, or part thereof, may be leased."

However, except as to transfers to another governmental entity pursuant to G.S. 160A-274 or as provided in subsection (b) of this section, a city-owned public enterprise shall not be sold, leased to another, or discontinued unless the proposal to sell, lease, or discontinue is first submitted to a vote of the people and approved by a majority of those who vote thereon. Voter approval shall not be required for the sale, lease, or discontinuance of airports, off-street parking systems and facilities, or solid waste collection and disposal systems.

(b) For the sale, lease, or discontinuance of water treatment systems, water distribution systems, or wastewater collection and treatment systems, a city may, but is not required to, submit to its voters the question of whether such sale, lease, or discontinuance shall be undertaken. The referendum is to be conducted pursuant to the general and local laws applicable to special elections in such city."

The service charge is payable by the subscriber to the provider of the voice communications service. The provider may list the service charge separately from other charges on the bill. Partial payments made by a subscriber are applied first to the amount the subscriber owes the provider for the voice communications service. If a subscriber is capable of making more than one simultaneous outbound 911 call through its communications service connections, then the total number of 911 service charges billed to the subscriber shall be (i) for CMRS providers, an amount equal to the number of CMRS connections and (ii) for all other communications service providers, an amount equal to the total number of simultaneous outbound 911 calls the subscriber can make using the North Carolina telephone numbers or trunks billed to their account."

IRC UPDATE

SECTION 38.1.(a) G.S. 105-228.90(b)(1b) reads as rewritten:

"(1b) Code. – The Internal Revenue Code as enacted as of ~~January 1, 2017, February 9, 2018,~~ including any provisions enacted as of that date that become effective either before or after that date."

SECTION 38.1.(b) G.S. 105-130.5 reads as rewritten:

"§ 105-130.5. Adjustments to federal taxable income in determining State net income.

(a) The following additions to federal taxable income shall be made in determining State net income:

...

(26) The amount of gain that would be included for federal income tax purposes without regard to section 1400Z-2(b) of the Code. The adjustment made in this subsection does not result in a difference in basis of the affected assets for State and federal income tax purposes. The purpose of this subdivision is to decouple from the deferral of gains reinvested into an Opportunity Fund available under federal law.

(27) The amount of gain that would be included in the taxpayer's federal taxable income but for the step-up in basis under section 1400Z-2(c) of the Code. The purpose of this subdivision is to decouple from the exclusion of gains from the sale or exchange of an investment in an Opportunity Fund available under federal law.

(28) The amount deducted under section 250 of the Code.

(29) The amount deducted under section 965(c) of the Code.

(b) The following deductions from federal taxable income shall be made in determining State net income:

...

(3b) Any amount included in federal taxable income under ~~section 78 or section 951~~ section 78, 951, 951A, or 965 of the Code, net of related expenses.

The purpose of this subdivision is to prevent double taxation of income the taxpayer was previously required to include in the calculation of State net income.

...."

SECTION 38.1.(c) G.S. 105-153.5 reads as rewritten:

"§ 105-153.5. Modifications to adjusted gross income.

(a) Deduction Amount. – In calculating North Carolina taxable income, a taxpayer may deduct from adjusted gross income either the standard deduction amount provided in subdivision (1) of this subsection or the itemized deduction amount provided in subdivision (2) of this subsection ~~that the taxpayer claimed under the Code.~~ subsection. The deduction amounts are as follows:

...

- (2) Itemized deduction amount. – An amount equal to the sum of the items listed in this subdivision. The amounts allowed under this subdivision are not subject to the overall limitation on itemized deductions under section 68 of the Code:

...

- b. Mortgage Expense and Property Tax. – The amount allowed as a deduction for interest paid or accrued during the taxable year under section 163(h) of the Code with respect to any qualified residence plus the amount allowed as a deduction for property taxes paid or accrued on real estate under section 164 of the Code for that taxable year. For taxable years 2014, 2015, ~~and 2016,~~ 2016, and 2017, the amount allowed as a deduction for interest paid or accrued during the taxable year under section 163(h) of the Code with respect to any qualified residence shall not include the amount for mortgage insurance premiums treated as qualified residence interest. The amount allowed under this sub-subdivision may not exceed twenty thousand dollars (\$20,000). For spouses filing as married filing separately or married filing jointly, the total mortgage interest and real estate taxes claimed by both spouses combined may not exceed twenty thousand dollars (\$20,000). For spouses filing as married filing separately with a joint obligation for mortgage interest and real estate taxes, the deduction for these items is allowable to the spouse who actually paid them. If the amount of the mortgage interest and real estate taxes paid by both spouses exceeds twenty thousand dollars (\$20,000), these deductions must be prorated based on the percentage paid by each spouse. For joint obligations paid from joint accounts, the proration is based on the income reported by each spouse for that taxable year.

...

(c2) Decoupling Adjustments. – In calculating North Carolina taxable income, a taxpayer must ~~add~~ make the following adjustments to the taxpayer's adjusted gross income ~~any of the following items that are not included in the taxpayer's adjusted gross income:~~

- (1) For taxable years 2014, 2015, ~~and 2016,~~ 2016, and 2017, the taxpayer must add the amount excluded from the taxpayer's gross income for the discharge of qualified principal residence indebtedness under section 108 of the Code. The purpose of this subdivision is to decouple from the income exclusion available under federal tax law. If the taxpayer is insolvent, as defined in section 108(d)(3) of the Code, then the addition required under this subdivision is limited to the amount of discharge of qualified principal residence indebtedness excluded from adjusted gross income under section 108(a)(1)(E) of the Code that exceeds the amount of discharge of indebtedness that would have been excluded under section 108(a)(1)(B) of the Code.
- (2) For taxable year 2014, 2015, ~~and 2016,~~ 2016, and 2017, the taxpayer must add the amount of the taxpayer's deduction for qualified tuition and related expenses under section 222 of the Code. The purpose of this subdivision is to decouple from the above-the-line deduction available under federal tax law.

A retailer entitled to recover tax under this section may reduce taxable receipts by the taxable amount of the purchase price of the property or services resold for the period in which the retail sale occurs. A recovery of tax allowed under this section is not an overpayment of tax and, where such recovery is taken, a refund of the tax originally paid should not be requested pursuant to the authority under G.S. 105-164.11. Any amount for tax recovered under this section in excess of tax due for a reporting period under this Article is not subject to refund. This subdivision does not prohibit the Secretary from assessing use tax on purchases used to fulfill a transaction erroneously treated as a real property contract.

SECTION 38.5.(s) G.S. 105-164.4H(a1) reads as rewritten:

"(a1) Substantiation. – Generally, services to real property are retail sales of or the gross receipts derived ~~from, from~~ repair, maintenance, and installation services and subject to tax in accordance with G.S. 105-164.4(a)(16), unless a person substantiates that a transaction is subject to tax as a real property contract in accordance with subsection (a) of this section, subject to tax as a mixed transaction in accordance with subsection (d) of this section, or the transaction is not subject to tax. A person may substantiate that a transaction is a real property contract or a mixed

transaction by records that establish the transaction is a real property contract or by receipt of an affidavit of capital improvement. The receipt of an affidavit of capital improvement, absent fraud or other egregious activities, establishes that the subcontractor or other person receiving the affidavit should treat the transaction as a capital improvement, and the transaction is subject to tax in accordance with subsection (a) of this section. A person that issues an affidavit of capital improvement is liable for any additional tax due on the transaction, in excess of tax paid on related purchases under subsection (a) of this section, if it is determined that the transaction is not a capital improvement but rather the transaction is subject to tax as a retail sale. A person who receives an affidavit of capital improvement from another person, absent fraud or other egregious activities, is not liable for any additional tax on the gross receipts from the transaction if it is determined that the transaction is not a capital improvement.

The Secretary may establish guidelines for transactions where an affidavit of capital improvement is not required, but rather a person may establish by records that such transactions are subject to tax in accordance with subsection (a) of this section."

SECTION 38.5.(t) G.S. 105-164.22 reads as rewritten:

"§ 105-164.22. Record-keeping requirements, inspection authority, and effect of failure to keep records.

Retailers, wholesale merchants, and consumers must keep records that establish their tax liability under this Article. The Secretary or a person designated by the Secretary may inspect these records at any reasonable time during the day.

A retailer's records must include records of the retailer's gross income, gross sales, net taxable sales, and all items purchased for resale. Failure of a retailer to keep records that establish that a sale is exempt under this Article subjects the retailer to liability for tax on the sale.

A wholesale merchant's records must include a bill of sale for each customer that contains the name and address of the purchaser, the date of the purchase, the item purchased, and the price at which the wholesale merchant sold the item. Failure of a wholesale merchant to keep these records for the sale of an item subjects the wholesale merchant to liability for tax at the rate that applies to the retail sale of the item.

A consumer's records must include an invoice or other statement of the purchase price of an item the consumer purchased from inside or outside the State. Failure of the consumer to keep these records subjects the consumer to liability for tax on the purchase price of the item, as determined by the Secretary."

SECTION 38.5.(u) G.S. 105-164.4G(f) reads as rewritten:

"(f) Exemptions. – The sale at retail and the use, storage, or consumption in this State of the following gross receipts derived from an admission charge to an entertainment activity are specifically exempt from the tax imposed by this Article:

SECTION 38.5.(v) G.S. 105-164.7 reads as rewritten:

SECTION 38.7.(a) Part 1 of Article 2A of Chapter 105 of the General Statutes is amended by adding a new section to read:

"§ 105-113.4E. Modified risk tobacco products.

(a) Definition. – The term "modified risk tobacco product" means a tobacco product that is sold or distributed for use to reduce harm or the risk of tobacco-related disease associated with commercially marketed tobacco products.

(b) Tax Rate Reduction. – The tax imposed under this Article is reduced by the following:

(1) Fifty percent (50%) for a modified risk tobacco product issued a risk modification order by the United States Food and Drug Administration under 21 U.S.C. § 387k(g)(1).

(2) Twenty-five percent (25%) for a modified risk tobacco product issued an exposure modification order by the United States Food and Drug Administration under 21 U.S.C. § 387k(g)(2).

(c) Substantiation. – Generally, tobacco products are subject to the tax imposed under this Article, unless a taxpayer substantiates that a product qualifies as a modified risk tobacco product and is subject to a reduced rate of tax in accordance with subsection (b) of this section. A taxpayer may substantiate that a product qualifies as a modified risk tobacco product by providing the Department a copy of the order issued by the United States Food and Drug Administration verifying the product as a modified risk tobacco product. Once the taxpayer provides the order to the Department, the Department must reduce the tax due as required under

subsection (b) of this section effective on the first day of the next calendar month. If the order indicating a product qualifies as a modified risk tobacco product is renewed, the order renewing the product must be provided to the Department within 14 days of receipt.

If the product no longer qualifies as a modified risk tobacco product, the rate reduction under subsection (b) of this section is forfeited. A product no longer qualifies when the order qualifying the product as a modified risk tobacco product expires and is not renewed or the order is withdrawn by the United States Food and Drug Administration. The taxpayer must provide notice of such expiration or withdrawal to the Department within 14 days of receipt. Upon determination by the Department that the product no longer qualifies as a modified risk tobacco product, the Department must determine if the taxpayer paid a reduced rate after the order expired or was withdrawn. If the taxpayer did avoid taxes, the taxpayer is liable for all past taxes avoided as a result of the product no longer qualifying plus interest at the rate established under G.S. 105-241.21, computed from the date the taxes would have been due if the rate reduction had not been allowed. The past taxes and interest are due 30 days after the date the rate reduction is forfeited; a taxpayer that fails to pay the past taxes and interest by the due date is subject to the penalties provided in G.S. 105-236."

SECTION 38.7.(b) This section is effective when it becomes law.

"§ 105-241A. Electronic filing of returns.

(a) Purpose. – The General Assembly finds that the various statutes within Chapter 105 of the General Statutes that address the filing of tax returns or informational returns were originally drafted for the use of paper returns submitted either personally or through the mail. Through technological advances, there are many methods by which tax returns can be filed electronically that can be processed more efficiently by the Department of Revenue, are easier and more convenient for taxpayers, improve the accuracy of the return, and are safer to use with respect to identity theft.

The General Assembly further finds that, in some cases, it is proper to require returns to be filed electronically, while in other cases it is more appropriate to provide electronic filing as an option instead of a requirement. In addition, the General Assembly recognizes that, because of constant technological advances, it is necessary to allow the Department of Revenue flexibility to provide specific guidance for how to file returns electronically, with a goal of continually improving the process and reducing the costs of and time to process returns.

(b) Electronically Filed Returns. – The Department shall offer electronic filing for returns required under this Chapter if the Department determines that it is cost-effective to do so and the Department has established and implemented procedures to electronically file specific returns.

(c) Form of Filing Electronically; Electronic Signature. – The Secretary shall prescribe the form of electronically filing each return that is required to or may be filed electronically and how the taxpayer or return preparer signs an electronically filed return.

(d) Waiver of Requirement to File Electronically. – The Secretary may, upon showing of good cause, waive any electronic submission requirement for returns required to be filed electronically under this Chapter.

(e) Notice to Taxpayers. – The Department shall, by December 1 of each year, publish on its Web site a list of returns required to be filed electronically and permitted to be filed electronically during the next calendar year."

SECTION 38.10.(s) Except as otherwise provided, this section is effective when it becomes law.

Subsection (g) of this section becomes effective July 1, 2018, and applies to gross receipts derived from the rental of an accommodation that a consumer occupies or has the right to occupy on or after that date. A retailer is not liable for an undercollection of sales tax, occupancy tax, or prepared food and beverage tax if the retailer has made a good-faith effort to

comply with the law and collect the proper amount of tax and has, due to the change under subsection (g) of this section, undercollected the amount of sales tax, occupancy tax, or prepared food and beverage tax that is due. A retailer is liable for all taxes collected whether in error or otherwise. The exception for liability provided in this paragraph applies only to the period beginning January 1, 2018, and ending July 1, 2018.

Subsection (m) of this section is effective for taxable years beginning on or after January 1, 2018.
