FISCAL IMPACT SUMMARY

H.B. 62 would allow service members who serve on the USS North Carolina (SSN-777), a currently commissioned U.S. Navy submarine, for a period of 180 days or longer to be eligible for in-state tuition rates in the University of North Carolina (UNC) or North Carolina Community College (NCCCS) systems.

FISCAL ANALYSIS

Fiscal Research cannot estimate a cost for this bill. We do not know how many service members aboard this ship would meet the minimum service requirements to be eligible, nor how many of them would be likely to take courses at UNC or NCCCS now or in the future. Tuition costs vary widely between both the two systems and among the campuses in the UNC system. Since we do not know which system or which campus these service members would attend, nor when, nor how many, we cannot estimate the tuition receipts that the State would lose as a result of this bill.
