Notwithstanding any other provision of this Article, the city of Wilson may continue the provision of communication services to persons and businesses in the temporary extension areas under the condition that the provision of communication services in such areas is terminated by a date which is 30 days after the date retail service is first available in the area from a competitive provider of communications service that will provide Fiber to the Premises (FTTP) service. For purposes of this subdivision, "temporary extension areas" shall mean (i) the corporate limits of the Town of Pinetops and (ii) any service connection located within 800 feet of the centerline of Christian Road (State Road No. 1942) between its intersection with Bloomery Road (State Road No. 1996) and West Hornes Church Road (State Road No. 1941).
